

DISGRUNTLED MAN KNOCKED OFF WILSON'S AUTO

KNIFE AND BOTTLE OF LIQUID FOUND IN BAG; NOT SATISFIED WITH PRESIDENT'S POLICY

Pittsburgh, Pa., Oct. 20.—While President Wilson was taking an automobile ride here today, a man, apparently a workman, with a bag of tools jumped on the running board of the president's automobile, but was knocked off by a secret service man. The man chased the president's conveyance for a block before he was arrested by local detectives and is being held by the police for observation.

The prisoner gave the name of Richard Cullon, aged 22, a machinist, of this city. On his way to the police station he told the police that he was not at all satisfied with President Wilson's conduct of the European war. In the bag he carried was a knife with a blade five inches long and a bottle of a liquid the police are endeavoring to analyze. The bag also contained several wood chisels.

President Wilson and W. J. Bryan, former secretary of state, met here today for the first time in months. The president stopped in Pittsburgh for an hour and a half on the way from Chicago to Long Branch, N. J., and Mr. Bryan came here on the way to speak in the district of Representative W. W. Bailey, of Johnstown, Penna.

As soon as the president arrived at the station the former secretary of state entered Mr. Wilson's private car and the two men shook hands. A large crowd outside the car witnessed the greeting. The men spoke only for a moment or two.

The president and members of his party and Mr. Bryan enjoyed an hour and a half ride in Pittsburgh.

The president and Mr. Bryan each smiled broadly as they shook hands. Mr. Bryan said that he would ride on the president's train for a short distance, in order to get into Mr. Bailey's congressional district.

After the automobile ride Mr. Bryan returned to the president's train a few minutes before Mr. Wilson arrived. "Where is Mr. Bryan?" asked the president when he arrived. The two sat down and talked in the president's private car.

Mr. Bryan who has been making speeches in support of President Wilson's re-election, said that the president is gaining strength constantly.

PLAN TORCH LIGHT PARADE

Columbus, O., Oct. 20.—An old-fashioned torch-light parade will be one of the features of the Republican rally in Columbus November 1, when Charles E. Hughes, presidential nominee, comes for a speech.

The local Republican committee is negotiating for the purchase of several hundred coal oil torches. It will be the first genuine torch-light parade since the Blaine campaign, it is said. Mr. Hughes will probably speak from a platform on the steps of the state house, it was announced.

ELECT OFFICERS

Toledo, O., Oct. 20.—The Northwestern Ohio Medical Society today elected officers as follows: President, Dr. J. R. Tillison, Delphos; vice president, Dr. F. S. Hoppel, Bryan; secretary, Dr. A. S. McKirrick, Kenton. The convention next year will be held in Lima.

Cincinnati, O., Oct. 20.—Edward A. Moses, of Cleveland, was elected president of the Ohio Association of Real Estate Exchange here today. W. H. Dyer, of Cincinnati, was chosen vice president and C. L. Converse, of Columbus, was re-elected secretary-treasurer.

The president and Mr. Bryan each smiled broadly as they shook hands. Mr. Bryan said that he would ride on the president's train for a short distance, in order to get into Mr. Bailey's congressional district.

After the automobile ride Mr. Bryan returned to the president's train a few minutes before Mr. Wilson arrived. "Where is Mr. Bryan?" asked the president when he arrived. The two sat down and talked in the president's private car.

Mr. Bryan who has been making speeches in support of President Wilson's re-election, said that the president is gaining strength constantly.

A Taste Of Winter

Chicago, Oct. 20.—A foretaste of winter was given mid-western states from the Canadian border to Texas, today. The coldest spot on the domestic map was at Devil's Lake, North Dakota,

where the mercury registered six degrees, Minnedosa, in Manitoba, was two degrees colder. Snow blanketed Northern Minnesota. It fell in Illinois and Iowa, and was predicted for Chicago by night. Reports from Ottum-

wa, Iowa, told of a sharp drop of 33 degrees in temperature. At Burlington, Iowa, street car traffic was hampered and trains were reported late owing to the snow.

RESCUERS OVERCOME IN FATAL MINE SHAFT

ALLOWED TO VOTE

Columbus, October 20.—In an opinion to Secretary of State Hildebrand today, Attorney General Turner held that young men becoming of legal age on the day following election day may be permitted to register and vote.

DON'T FAIL TO REGISTER

Presidential election comes this year. Everyone must register. Today and tomorrow, October 20 and 21, are the last chances given to register. The polls will be open on these two days from 8 a. m. to 2 p. m. and 4 p. m. to 9 p. m. Don't fail to register.

CLINIC ON BIRTH CONTROL WILL BE OPENED IN CLEVELAND

New York, Oct. 20.—Miss Margaret Sangar, of this city, who was arrested and convicted but not punished while in Portland, Oregon, recently, for advocating birth control, announced today that clinics for the dissemination of information on that subject soon are to be opened in San Francisco, Cleveland and other western and inland cities.

The police here are searching for a clinic which is being conducted in the East New York Court.

section of Brooklyn, and which has been advertised by distribution of hand bills in English, Yiddish and Italian.

The teaching of birth control is a misdemeanor under the law. Miss Sangar said today she believed the police would find the clinic in a few days. "We are prepared," she said, "not in any aggressive or insolent way but dispassionately, to fight the matter through all the courts in the state."

TURBULENT CONDITIONS EXIST IN GREEK CAPITAL

London, Oct. 20.—Extremely turbulent conditions in Athens on Wednesday night are reported in a despatch from Reuters correspondent at the Greek capital, sent that evening. Greek reservists have taken the law in their own hands despite the presence of strong entente detachments of marines who are given virtually no assistance by the Greek authorities in maintaining order, the despatch declares.

"Tonight," the message reads, "it is evident that the reservists are out of hand for despite the fact that strong cavalry forces are escorting the French and Greek marines and soldiers spread about everywhere, the reservists, assembled in groups, have taken the law into their own hands and the Greek forces for the maintenance of order do not dispose of them."

"The chief of the French police control has informed the editors of the Anti-Venezelos press that beginning tomorrow the French will exercise a newspaper censorship and that newspapers print-

ing anti-Entente articles run the risk of suspension."

London, Oct. 20.—Twenty-five officers and 600 men of the Athens garrison have gone over to the national movement and left for Saloniki, according to an Exchange Telegraph despatch from Athens.

Newspapers, announce, adds the message, that Janina in Greek Epirus also has gone over to the revolutionists but official confirmation of this is lacking

and deal their blows.

"Of La Boisselle there is more upon the map than on the ground. A few shattered trunks here and there, a splintered beam, perhaps a corner stone or two, some cellars roofed with wreckage. Otherwise only the upheaval of tortured earth, mine craters, heaps of rotting white sand bags, half choked trenches and a dreary litter of old wire, cans, and human rubbish remain.

"On the left is the twin city of desolation, Oivillers, and between the two a white road runs beyond and mounts to the level of Pozieres. Pozieres shares the fate of La Boisselle. No hand could trace the outlines of a single house or garden plot. There

COAL HIGH IN WEST VIRGINIA

Charleston, W. Va., Oct. 20.—The price of coal for domestic purposes will be higher in West Virginia this winter than ever before, according to dealers. Nut coal now sells for 9 1-2 cents a bushel, while slack, or fuel coal, formerly selling at 3 1-2 cents, now costs 5 1-2. The price for lump coal is 11 cents a bushel, while the former price was from five to six cents.

WOMAN SPY IS CONDEMNED TO DEATH

Paris, Oct. 19.—A court martial at Marseilles has unanimously condemned to death for spying Madame Gomeno Sanchez, who before her marriage was Maria Liberdall, of Düsseldorf.

BALLOON SCHOOL TO BE ESTABLISHED AT AKRON BY UNCLE SAM

Washington, D. C., Oct. 20.—Army aviation officers are preparing to carry their campaign for the development of the air service into the field of balloons and other lighter than air craft. It was stated today that a balloon school probably will be established at Akron, Ohio, where it is expected the first balloon equipment for the army will be constructed, or at Fort Omaha, Nebraska.

Major Charles De F. Chandler, of the signal corps, who has had many years of practical experience with balloons, has been appointed head of a new division created in the aviation section of the signal corps. All matters pertaining to free and captive balloons, dirigibles, hydrogen generating plants and the like, will hereafter be under his charge.

Bids have been advertised for two spherical and two kite balloons which will be the first equipment for the new branch of the aviation service. With the funds for aviation work made available by congress it is planned to add additional balloons or dirigibles as rapidly as men to handle and care for them can be trained.

London, Oct. 20.—Serbian troops on the western end of the Macedonian front are reported successfully continuing their victorious campaign for Monastir. Through Paris today came official announcement of the capture of the village of Velyeselo, within the bend of the Cerna river south-east of Monastir. The Bulgarians are said to have suffered heavy losses, including 100 prisoners and three cannon and to have been put to rout. The Serbians pushed two miles northward to Velyeselo after taking Brod, capture of which was reported yesterday, forcing their way over the heights between the two places. They are now facing the third and final line of Bulgarian defenses in this sector, according to unofficial reports, having pierced the second line in taking Brod and the Velyeselo positions.

The situation in Greece remains exceedingly confused. News despatches from Athens long delayed in transmission and recording the development of the situation there only up to Wednesday night, report turbulent conditions in the Greek capital. Greek reservists there are said to have taken the law into their own hands despite the presence of strong contingents of entente marines with the Greek authorities doing virtually nothing to control them.

King Constantine is reported to have told the British minister at Athens that the Allies having deprived him of all power and reorganized the provisional government of Saloniki, had better address further proposals regarding the course of Greece to the Venizelos revolutionary government.

Serb Advance Is Checked

Berlin, Oct. 20.—(By wireless to Sayville)—The greater part of the trenches on the road between Baucourt L'Abbaye and Le Barque which were captured by the British on October 18 were retaken yesterday by German troops in an attack, according to the official statement issued today at the German army headquarters.

Attempts made by British detachments to advance last night north of Courcellette and east of Le Sars, the statement adds, failed.

In the last great attack against the German positions in the Somme region, the British used several tanks and three of them were destroyed by the German artillery fire, the statement declares.

German troops yesterday stormed important Russian positions with adjoining lines on the west bank of the river Narayvka, in Galicia and repulsed sanguinary counter-attacks. The Germans captured 14 officers and

2,050 men and took eleven machine guns.

The forward movement of the Serbian forces in the bend of the river Cerna, in Southern Serbia, has been halted by the troops of the Central Powers, after a temporary Serbian success.

Capture Plateau And Village

Paris, Oct. 20.—The war office announced today that the Serbians have captured the plateau and village of Velyeselo on the western end of the Macedonian front, putting the Bulgarians to rout.

Steady Progress Toward Peronne

London, Oct. 20.—Gradually the French are drawing their front closer to the town of Peronne, on the eastern bank of the Somme river in France. After Wednesday's advance along a mile front between Blanchies and La Maisonette on the west side of the river, an attack launched Thursday was marked with further gains, which virtually brings them to the bank of the stream.

To the north and east of Sailly-Saillies, where the French have advanced their line in the last few days at what Berlin war office asserts was a cost in casualties not commensurate with the gain, the Germans have a violent counter-attack which was repulsed by the French.

Rumanians On Offensive

Bucharest, Oct. 20.—(Via London)—The Rumanians have taken the offensive in the Oituz Valley through which the Austro-German forces invaded Rumania, the war office announced today. They have driven back the invaders to the frontier. The repulse of attacks on other parts of the front also was reported.

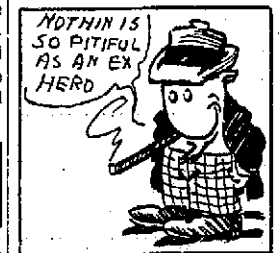

Rumanian Left Wing Forced Back

Bucharest, Oct. 20.—(Via London)—The Bulgarian and German forces in Dobrudja have taken the offensive along the whole front. They have forced back the Rumanian left wing, the war office announced today.

VON KLUCK RETIRED

Berlin, Oct. 20.—(Via London)—Field Marshal Alexander H. R. Von Kluck, who commanded the right wing of the German army in its sweep towards Paris in the fall of 1914, has been placed on the retired list at his own request. He had never returned to the front since he was wounded by shrapnel fire in March, 1915, while inspecting advanced positions. The field marshal was seventy years old last May.

TERRIFIC DESTRUCTION WROUGHT ON THE BATTLEFIELDS OF FRANCE

OTTAWA, Oct. 20.—The terrific destruction wrought on the battlefields of France is described in an official communication from the Canadian war records office which has been made public by Lieutenant General Sam Hughes, minister of militia. Incidentally the communication reiterates the claims of the British leaders in regard to the superiority of the Allies in the air and in artillery. In the latter respect the Canadian officer says that the Allies are firing five shells to the German's one. Describing the desolation caused by the great struggle, the communication says:

"Never has the human agency controlled such engines of destruction, nor has war ever so profoundly impressed itself upon the face of nature. No plague could be more ruthless, no natural blight more devastating."

After describing the peaceful scenes in the rear of the battle line, the perfectly tilled fields, the farms cultivated to the last inch of their available space, and after paying a tribute to the "brave, silent industry of the women, the old men and the children" of France, the communication continues:

"The transition from this scene of beauty, peace and ancient prosperity is infinitely distressing. Fields are given over to the trampling rows of tethered horses and are disfigured by a variety of encampments, from orderly white tents to huts of rusted biscuit tins and low discolored

are no bricks or beams which could be used in restoration. As a village Pozieres has disappeared.

"In regard to the situation in the air, the communication says: "In this respect, the British and French domination is almost absolute. Here all day long we watched our planes circling about our heads. Closely they come and go with the speed and alertness of birds; far off they seem to hang suspended in the sky. Occasionally a flight of five or more planes, intent upon some special mission, go over high up and disappear into the distant mist. So rarely do the German machines appear that some men who have been here daily for a month have not seen a single one."

Judgin' from th' unkind remarks one hears made about Teddy these days it'd never be suspected that he is a one time popular idol. If prices keep on goin' up th' "ultimate consumer" will be in grave danger of ultimate elimination. Here's a guess on tomorrow's weather: Ohio—Partly cloudy in south portion, rain or snow in north portion tonight. Much colder, temperature close to freezing. Saturday fair and colder in north portion. Kentucky—Fair and colder tonight. Temperature probably below freezing. Saturday fair and colder. West Virginia—Cloudy and much colder tonight. With rain or snow. Saturday fair, much colder.

Patrolman's Wife's Jealousy Given As Street Fight Cause

Patrolman Armour Piatt and Edward P. Haegward, a well-known contracting plumber, were principals in a near tragedy Thursday night about 10 o'clock which has stirred the entire West End.

The two men were locked in a deadly clinch when a pistol shot rang out. Soon faces peered from upper story windows of hotel and flat buildings nearby. The sight of the two men now struggling on the ground, the screams of women, and excited persons rushing back and forth soon set the whole neighborhood in an uproar. Howard Monk, who lives in the Rottinghaus flat building, George W. Hopkins and Joe King, of the Hotel Portsmouth, were the first to reach the scene.

They found the policeman upon the other man who is much smaller. Monk took the gun away

from Piatt while Hopkins pulled the two men apart. Haegward went to his home nearby with his wife, who had rushed to his assistance when the shot was fired, while Piatt stepped into the Hotel Portsmouth to wash his face. Both men were bleeding from cuts and bruises about their heads and faces.

Mayor H. H. Kaps, Police Chief Henry Clark and Capt. Roma Walker arrived a few minutes later. They questioned Piatt, who, according to persons who overheard him, told the mayor that his wife and others for sometime past had been accusing him of things and he might as well be guilty as to be accused and that the trouble was the result of it. Piatt later went home and did not report for duty at his accustomed time at 4 o'clock Friday morning. It was stated at headquarters he had suffered a sprained knee in the mix-up.

Mayor Kaps said Friday morning that a full investigation of the affair would be made by him and department officials, pending which no action would be taken.

It appears that an unfortunate circumstance, according to Mr. Haegward, precipitated the trouble. Piatt's wife repeatedly in the past few days had been shadowing her husband in the alley directly at the rear of the Haegward home, occasionally stepping into the Haegward home. She suspected her husband of clandestinely visiting a woman who makes her home near there.

Mrs. Piatt, who is the mother of eight children, and her mother, Mrs. Cook, were seen to enter the hotel again early Thursday evening. Her husband had telephoned to her that he would not be home for supper, as he was engaged in rounding

up suspects in the West End hardware store robberies.

Later a daughter, Miss Esta Piatt, called up the Haegward home, inquiring for her mother. She said her father had called to learn the whereabouts of Mrs. Piatt, the daughter telling him she was visiting a sick neighbor. Mrs. Piatt and mother continued hiding in the alley, and claimed that soon Piatt entered the home of the woman they suspected through a rear gate. They heard a whispered conversation and then entered the yard, but said he ran up a stairway to the second floor. Mrs. Piatt called the police and had a thorough search made of the various apartments in the three-story house, but Piatt was nowhere to be found.

About 10 o'clock Mr. Haegward, said as is his custom, he decided to walk around the block for a smoke before retiring. He says he always comes in through the alley-way. Just as he was stepping into his yard a brick just grazed his head, striking the gate. He saw a crouching form coming from out of a nearby house and towards him. His first thought was that it was Piatt, but he paid no attention until a brick just grazed his head and struck the gate. He took after the man, who proved to be Piatt, and they were soon exchanging blows at a lively rate.

He said Piatt beat him with the butt end of his revolver, though at first he thought it was knuckles, and when he held the gun up towards his breast, he knocked it aside, causing it to discharge. He said he then stumbled backwards and fell, Piatt landing on top of him.

Haegward denies that he was trying to "fox" Piatt. He is a quiet, peaceful, law-abiding citizen and never known to have trouble. Piatt, too, is of a quiet nature and considered by officials as a diligent, energetic officer, but figured in a sensational affair once before, having been named as co-respondent in the divorce case of William H. Harlow against Elizabeth Harlow, while he was stationed in the East End. This caused him to lose his job at that time. Harlow was granted a divorce November 16, 1915.

The city officials say that Piatt told them that Haegward tried to take the gun out of his pocket, and in the scuffle it was accidentally discharged and that a ring on one of his fingers probably caused the gash on Haegward's forehead. Mr. Haegward said that once during the mixup Piatt got his thumb between his teeth, making it difficult for him to defend himself.

Fired At Thief

An unknown thief met with a warm reception Thursday night, when he attempted to force an entrance to John Jenkins' home in Earlytown. Jenkins was awakened by noise made by the thief, and securing his revolver, he fired twice at the intruder, who escaped.

Store Is Entered

Cooper Bros. grocery and hardware store, Harrisonville avenue and Gallia street, New Boston, was visited by robbers for the second time within a year Thursday night. The thief, or thieves, made away with two revolvers, one a Smith-Wesson and the other an Ivers-Johnson, both of 32 caliber. When Frank Cooper opened the store for business Friday morning he learned a rear window had been forced and a quick glance over the stock found the two guns missing from a floor display case.

More Volunteers Needed Writes Man From Front

To the Editor of 'The Portsmouth Times':
Dear Sir:—My brother, Richard Norton, the commander of the American Volunteer Motor Ambulance Corps, has cabled me that the corps is in need of more volunteers, owing to the request of the French

being especially mentioned in the General Army Orders for "the constant devotion to duty of its members and because it has rendered the very greatest service to the Army Division to which it is attached in succoring the wounded in the best possible manner."

The essential requirements for volunteers are that they should be good Americans, in sound health, capable of withstanding hardships and doing hard and trying work in connection with wounded men with kindness and without complaint. Volunteers should also be good tempered and capable of getting on well with other men of all kinds and conditions.

My brother has asked me to pass upon the qualifications of any men who want to volunteer and I shall accordingly be glad to hear from any

URIC ACID POISONING!

The most eminent physicians recognize that uric acid stored up in the system is the cause of rheumatism, that this uric acid poison is present in the joints, muscles, or nerves. By experimenting and analysis at the Invalids' Hotel and Surgical Institute in Buffalo, N. Y., Dr. Pierce discovered a combination of native remedies that he called "Anuric"—which drives out the uric acid from the system, and in this way the pain, swelling and inflammation subside. If you are a sufferer from rheumatism, backache, pains here or there, you can obtain "Anuric" at any drug store and get relief from the pains and the brought about by uric acid, or send Dr. Pierce 10c for trial package "Anuric"—many times more potent than lithia and eliminates uric acid as hot water melts sugar. A short trial will convince you.

FORGET YOUR ACHES
Stiff knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. Easy to apply; it penetrates without rubbing and soothes the tender flesh. Cleaner and more effective than musky ointments or poultices. For strains or sprains, sore muscles or wrenched ligaments resulting from strenuous exercise, Sloan's Liniment gives quick relief. Keep it on hand for emergencies. At your Druggist, 25c.

Received 1,500 Cards

George D. Souder, president of the school board, who is in Chicago, writes friends that "Post-Card Day" Portsmouth school children held in his honor last Friday, was certainly a success.

"I received 1,500 cards from the children, God bless them, and I shall never forget them," Mr. Souder writes from Chicago.

PREPARING ABSTRACTS OF TITLE TO LANDS

Joseph Mitchell, the Abstracter, is assisting in preparing Abstracts of Title to lands in Iowa for The Phoenix Trust Company of Ottumwa, Iowa, involving the tracing of the family tree of John Orm and the proceedings in the courts in the settlement of his estate and the estate of his descendants, including the Noels, Coles, Briggs and a number of other families of land owners in the vicinity of Portsmouth.

He says that this is the fifth occasion that he has been called upon to unravel the past complicated affairs of this great family of land owners.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen.

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Genuine Castoria always bears the signature of *Chas. H. Fletcher*.

Save Your Feet—It Pays In the Long Run

Here is a Dress Up "Arch Preserver" Shoe

Note the long graceful arch, the short forepart, the beautifully modeled toe, and above all else, the sturdy comfort-giving heel.

The woman who wears an "ARCH PRESERVER" does not use nine-tenths of her energy and vitality in the effort to balance herself on her shoe heels. The "ARCH PRESERVER" heels balance the wearer. They take her feet off her mind and make the hours spent on her feet a real joy—instead of what it is to most women.

Every woman who picks up an "ARCH PRESERVER" SHOE and looks at the bottom of the shoe and shank instinctively exclaims "Doesn't that look comfortable?" She realizes in a glance that she has in her hand, at last, the very thing that her poor feet have been crying for, for lo, these many years.

A shoe with an arch that comes up to the foot and strength enough to STAY UP through the life of the shoe.

With all its wonderful strength of construction this new shoe is extremely light and dainty in appearance.

The same patented features of last modeling and shoe construction which makes "ARCH PRESERVERS" the one shoe in the world which insures good feet against the development of broken arches—"flat-foot"—make it also the best possible shoe for those who have weakened ankles.

"ARCH PRESERVER" SHOES are made in various styles of toes and types of heels, and in all regular leathers. There is a shoe for every purpose and every occasion.

The prices are no higher than are asked for other good shoes.

HAMMER AND PAINT

Work on the foundation of F. E. Bower's new garage, Officers street and Robinson avenue, has been started. The garage is to be one of the largest in Southern Ohio when completed.

Work is progressing so rapidly on the new Holy Redeemer school building that it will be ready to have the concrete of the second floor poured next week.

According to Contractor C. E. Nourse, who built the handsome new office building of the Whitaker-Glessner company in New Boston, it will be ready for occupancy next week.

Edward Brechner has received a contract to repaint Louis Spencer's home on Fifth street.

WITH THE SICK

Mrs. J. Brashers, of this city, was Thursday removed to Hempstead hospital, where she successfully underwent a mastoid operation.

R. H. Charlton, who was operated upon for appendicitis one week ago, is so much improved that he will be able to leave the Hempstead hospital Saturday.

Mrs. Will Koger, formerly Mrs. Elyda Wyans is ill at her home, 1030 Fourteenth street.

James Bryan, bookkeeper for the Portsmouth Banking Co., has been off duty all week on account of illness.

Andrew Glass, who is ill with typhoid fever at his home on Second street, continues to improve.

Miss Lydia Giesler, stenographer at the Tracy Shoe company's store, is off duty on account of illness.

Thomas Miller, aged hack driver, of No. 715 Second street, who has been very ill with pneumonia, is recovering.

Miss Pearl Rhoden continues ill at her home on High street.

HOW GRANDMA CURES A COLD

Coughs and colds, no matter how slight they may seem, are dangerous things. Any physician will tell you so.

Nowadays folks aggravate a cough or cold either by neglecting it or using dangerous patented medicines which bring false relief by deadening the nerves of the nose and throat. Then they wonder how they get the grippe, bronchitis and even pneumonia.

But Grandma knows that nothing will cure a cough or cold that does not go direct to the cause of these dangerous afflictions. That's why she turns a deaf ear to patented nostrums and relies only on the 50-year old prescription she has always used. It is called Wonderoil and it hasn't failed her yet.

Wonderoil wipes out every symptom of cold so quickly that you almost think it is done by magic. Wonderoil is made from an old recipe that has been handed down through several generations. You can get the genuine Wonderoil in Portsmouth from Fisher & Strick, or any other good druggist. Keep some in the house all the time. Grandma does, and she knows.

Scioto Bottom land owners are shaking hands with themselves that the present rainy spell came at a time when the rivers were at the very lowest stages. Had they been around the 10 ft. or 12 ft. marks the present corn crops would surely have been submerged.

To Beautify Land

Judge J. C. Milner, Attorney Harry Miller, Philo S. Clark, George E. Krieger, Prof. E. O. McCowan, county school superintendent, met with an expert nursery man of New York City, Thursday and visited the site of the new Wheelersburg high school and land adjoining owned by the above men. The visit was to look over the land on the hill and the school lot, the nursery man to roughly sketch out a plan for the planting of shrubbery and trees with a view of beautifying the grounds.

Dear Miss Wise—I have heard that hazel eyes signify fickle mindedness. Do you think there is any truth in that? I really do not know whether my eyes are that color or not. I looked in the glass and examined them closely. They are a grayish blue around the edges and in the center they are brown. Perhaps they are what some people call mottled. What would you call them?

SUNBEAM. I should say that your eyes are hazel. Hazel eyes are not a sign of fickleness any more than any other color.

Boiled Dressing. This is a good boiled salad dressing: Beat the yolks of two eggs until creamy. Mix with a teaspoonful of mustard, the same of salt, two tablespoonsful of sugar, two tablespoonsful of cream

Columbus. Miss Parrett was a reporter on The Times for several months a few years ago.

John R. Williams, superintendent of water works, was 34 years old Thursday. Before he had reached that milestone, he had declared that he had never experienced that sensation that goes with "completeness" taken by surprise. However, he has modified it all now, and knows exactly after the experience he underwent at his home, 1304 Chillicothe street, Friday evening, what it means to be swept off his feet, thanks to the members of the Local Christian Endeavor Society of the First Christian church, who gathered en masse at the Williams home to help celebrate the event.

Mr. Williams, who is chairman of the social committee of the C. E., and who is uniting in his efforts to promote sociability, good-will and enthusiasm, was called to the door at 8 o'clock by a resounding knock from the first of Rev. Charles R. Oakley, who was the vanguard of the C. E. Mr. Williams, who is a man of even temperament, imagined that some water works employees had called to notify him that a water main had sprung a leak. So he

hustled to the door, threw it wide open—then the surprise. And it was a surprise in all the world implies. John didn't faint, but he did lose the use of his tongue, which clung to the roof of his mouth like glue. He took one backward step and dropped into the arms of a convenient rocking-chair, where he viewed the procession of friends and well-wishers as they passed to the parlor in grand review. John didn't recover for some time, but after awhile found himself and was soon vying with his good wife in seeing that all present had one grand time. At a convenient time Mr. Williams was presented with a solid gold C. E. button, which will have the seal of honor on the lapel of his coat. In addition he was given a beautiful bouquet of flowers, those showing in what high esteem Mr. Williams is held by the members of the C. E. Mrs. Williams presented her husband with a beautiful stick-pin.

After an hour of social intercourse delectable refreshments, consisting of sandwiches, coffee, cake and cream, were served. Those present were: Mrs. Anna Barber, Mrs. W. H. Tipton, Mrs. Elizabeth Carr, Louella Fout, Grace Boyles, Ella Burns, Mrs. William Newman, Edna Royce, Mrs. E. E. Evans, Mary Hewitt, W. E. Evans, Harrison Fisher, Floyd A. Barr, F. W. Sheridan, Charles McFarland, Rev. and Mrs. Charles R. Oakley, Will Haggerty, Lloyd Crayden, Della Puckett, Marjorie Gerlach, O. D. Morgan, Mrs. Anna Cook, Frances Puckett, Grace Johnson, Charles Cook, Lulu Puckett, Julia Nickel, Mrs. Chas. McFarland, Flora Hewitt, Mrs. Chas. Cook, Nellie E. Locher, Mrs. Wm. Haggerty, Mrs. O. D. Morgan, Catherine Gerlach, Mrs. John Williams, Myron Williams, Ollie Morgan, Eva Morgan and Mildred Tipton.

WOMAN HAD NERVOUS TROUBLE

Lydia E. Pinkham's Vegetable Compound Helped Her.

West Danby, N. Y.—"I have had nervous trouble all my life until I took Lydia E. Pinkham's Vegetable Compound for nerves and for female troubles and it straightened me out in good shape. I work nearly all the time, as we live on a farm and I have four girls. I do all my sewing and other work with their help, so it shows that I stand it real well. I took the Compound when my ten year old daughter came and it helped me a lot. I have also had my oldest girl take it and it did her lots of good. I keep it in the house all the time and recommend it."—Mrs. DEWITT SINCENAU, West Danby, N. Y.

Sleeplessness, nervousness, irritability, headache, dizziness, dragging sensations, all point to female derangements, all may be overcome by Lydia E. Pinkham's Vegetable Compound.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia

Democrats Held Fine Rally In North End

The Democrats invaded the North End last night, and before a crowd of sixty to seventy members of the North End Fishing club discussed the issues of the campaign. Martin Crain presided at the meeting, and in a few well chosen remarks introduced ex-Councilman Edw. H. Westphal. Mr. Westphal spoke briefly upon the issues of the campaign and said that he was at loss to understand how any laboring man could vote for any other than President Wilson and Cox. He said the Workmen's Compensation act was in danger and that its enemies were fighting to defeat Cox; that if they defeated Cox they would repeal this law. Ex-Vice Mayor Adam Pfau was present and spoke highly on the national administration. He said that we were at peace with the world, and that all were home with their families and their loved ones, and that we owed it all to the great president, who has maintained peace with honor. It Stanley McCall spoke of the judicial ticket. He said it was important that all should study carefully the candidates for the judiciary. He said that Judges Johnson and Donahue deserved reelection because of their distinguished service on the bench of the supreme court. He spoke highly of Judge Matthew Merriam, of the court of appeals, and said that after all it was important that judges be selected that they may administer justice to all concerned. He stated that one of his opponents had charged him with being too young for this important office. He said he could make no apologies for his age and that as far as the ability to hold the office was concerned it made no difference whether he was as young as Alexander the Great was when he conquered the world, and there were no other worlds to conquer, or whether he was as old as Methuselah. He pointed to his record as city solicitor for two terms and to the big things the city did while he was in office, and stated that he did not put the city to one penny for extra legal hire. He said he was willing to be judged by his record. The meeting was a success and the members are planning for another one, to be held next Tuesday night, Oct. 24.

NOT A PRACTICE OF DANDRUFF OR A FALLING HAIR

Save Your Hair! Double its Beauty in Just a Few Moments

25-Cent "Danderine" Makes Hair Thick, Glossy, Wavy and Beautiful

Within ten minutes after an application of Danderine you can find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful. A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

CONSTIPATED, BILIOUS, RUN-DOWN?

Wash Out the Bile With a Wine-glassful of Tollo Water and Feel Fine in Half an Hour

Our present mode of living makes bad livers. The bile tubes become choked and force bile into the system, causing gas, heartburn, coated tongue, constipation, dizziness, nervousness, headache and stomach trouble. A third of a tumblerful of TOLLO WATER in a glass of plain water before breakfast relieves your constipation in 30 minutes. The natural properties of this water stimulate the liver to greater activity without the weakening effects produced by strong drugs. Get a 15-cent bottle and take a little for a few days. It really works wonders. TOLLO WATER is bottled at Dawson Springs, Kentucky, but it is sold by druggists everywhere. Sold by The Davis Drug Company and other druggists.

OBITUARY

Thomas York

Thomas York, one of New Boston's best known citizens and business men passed away Thursday afternoon at 4 o'clock, his death taking place at the family residence, 4225 Gallia avenue. His death was attributed to blood poisoning and complications.

Two months ago Mr. York received a bruise on the heel of his right foot from a nail in his shoe. This at first yielded to treatment and Mr. York believed his trouble had been cleared up, but a week later his foot began to swell and he soon found himself battling against a case of blood poisoning.

Despite skillful treatment and all that loving hands could do Mr. York gradually grew worse until Wednesday, in a desperate effort to save his life, he submitted to an operation for the removal of his right leg at the knee. He withstood the ordeal splendidly, being a man of powerful physique, but the operation failed to arrest the progress of the disease. Mr. York became dangerously ill at noon yesterday and relatives were prepared for the worst. He passed away with his family at his bedside.

Thomas York would have been 46 years old had he lived until December 16, 1916. He was born in Akron, O., and was a son of the late Thomas and Mary York. At an early age he came to Portsmouth and took employment in the old plant of the Burgess Steel and Iron Works in the West End. It was there that he took up roll turning and became one of the best roll turners in this part of the country. When a steel plant was established in the village after a disastrous fire had wiped out L. D. York's plant in the West End Thomas York again took up his work as a roll turner and followed it until 13 years ago when he resigned to engage in business in New Boston, forming a partnership with Henry Hams. The firm is still in existence and is one of the best known in New Boston.

Mr. York, in addition to his faithful wife, Mrs. Hattie York is survived by three children, Mary, 12, Orville 10 and Robert 7. He is also survived by four brothers and three sisters: Harry York of this city, James E. of Pittsburgh and Robert and Ralph of New Boston and Mrs. William Seal, Mrs. John Call and Mrs. P. H. Harsha.

Practically, Mr. York was a member of the Eagles of this city, the Red Men and Sons of Veterans. He was wholesome, companionable and obliging at all times and numbered his friends by the score. Mr. York's sunny disposition and his willingness to assist those in need endeared him to many and he will be missed.

The funeral services will be conducted from the family residence Saturday afternoon at 2 o'clock with Rev. E. A. Powell officiating. Interment will be in Greenwood.

Mrs. James T. Watts (brontionian)

Mrs. James T. Watts, known to her legion of friends as "Grandma", died Thursday evening at 7 o'clock at the Keller hospital, after an illness of about a year, which dated back to the time when she sustained a broken hip.

Isaac Spears

Death claimed another of Scioto county's well known citizens and Civil war veterans Thursday, when Isaac Spears passed away at the home of his son, Floyd V. Spears, on Pine Creek, near Powellsville, after a several year's illness of Bright's disease. Isaac Spears was a son of

Dayton Mothers Find Ideal Croup and Cold Treatment

Nothing to Swallow, You Just Rub it Over Throat and Chest—Relieves by Inhalation as a Vapor, and by Absorption Through the Skin.

Croup is Usually Relieved in Fifteen Minutes—Most Colds go over Night.

A few winters ago, when Vick's Vapo-Rub Salve was first introduced from the South, the local druggists presented complimentary jars to a few of their customers, requesting that this preparation be given a thorough trial, and the results reported. Below, we give a few reports from Dayton people.

Mothers who have never used Vick's Vapo-Rub owe it to their children to give it at least one trial. The little chaps object so to swallowing medicine that it is a relief to have a preparation which you can just rub on over throat and chest. Then cover with a warm flannel cloth. Leave the covering loose around the neck, as the body heat penetrates the ingredients in the form of vapors. These vapors, inhaled with each breath, all night long, carry the medication through the air passages to the lungs. Vick's won't blister, and is absolutely harmless to the smallest child. Here is what Dayton mothers say of it:

MRS. THOMAS JEFFERSON, 1634 Germantown St.—"My little boy was taken with a severe case of croup a few weeks

ago, and after trying everything I know without finding much relief, my druggist gave me a jar of Vick's Vapo-Rub, which I used with splendid results. I also find it a fine remedy for headache, and shall always keep it in my home hereafter."

MRS. W. E. CALLOM, 1314 Wayne Avenue—

"Vick's Vapo-Rub Salve is all that you claim it to be. We used it on our four year old daughter to break up a cold that had been running two months, and that seemed to defy two of our best doctors. I shall use it in all future cases."

MRS. JOS. W. CARR, 1224 S. Wayne Ave., writes—

"I have tried your Vick's Vapo-Rub Salve for sore throat and colds, and think it is certainly excellent. It seems to penetrate and give almost instant relief. I find it loosens the cold in the head by inhaling the vapors."

Vick's will be found superior to internal medicines for all forms of cold troubles, from head colds, asthmatic and catarrhal troubles, down to deep chest colds, grippe, bronchitis, or incipient pneumonia. Three sizes, 25c, 50c or \$1.00, at all druggists.

HUGHES vs. WILSON

FOR LABOR

AGAINST LABOR

IT IS TIME TO THINK!

HUGHES

Mr. Hughes' position on labor, taken from Legislative Labor News of October 10, 1910:

GOV. HUGHES, GREATEST FRIEND OF LABOR

The Legislative Labor News, of New York, October 10, 1910, had the following:

"Now that Governor Hughes has retired from politics and ascended to a place on the highest judicial tribunal in the world, the fact can be acknowledged without hurting anybody's political corns, that he was the greatest friend of labor laws that ever occupied the governor's chair at Albany. During his two terms he has signed 56 labor laws, including among them the best labor laws ever enacted in this or any other state. He also urged the enactment of labor laws in his message to the legislature, even going so far as to place the demand for a labor law in one of his messages to an extra session of the legislature.

"Only 182 labor laws have been enacted in this state since its erection in 1777—in 133 years. One-third of these, exceeding in quality all of the others, has been enacted and signed during Governor Hughes' term of three years and nine months.

"With such a record of approval and suggestion of progressive legislation in the interest of humanity to his credit, it is easy to believe that human rights will have a steadfast and sympathetic upholder in the justice of the Supreme Court of the United States."

WILSON

President Wilson's position on labor when an election was not at hand:

AGAINST THE UNION SHOP

President Wilson's Position on Labor, as Reported in Collier's Weekly: (Extract from a Baccalaureate Sermon of June 13, 1909, by Prof. Woodrow Wilson).

You know what the usual standard of the employee is in our day. It is to give as little as he may for his wages. Labor is standardized by the trade union, and this is the standard to which it is meant to conform. No one is suffered to do more than the average workman can do. In some trades and handicrafts no one is suffered to do more than the least skillful of his fellows can do within the hours allotted to a day's labor, and no one can work out of hours at all or volunteer anything beyond the minimum.

I need not point out how economically disastrous such a regulation of labor is. The labor of America is rapidly becoming unprofitable under its present regulation by those who have determined to reduce it to a minimum. Our economic supremacy may be lost, because the country grows more and more full of unprofitable servants.

Extract from a letter of Woodrow Wilson dated January 12, 1909, in reply to an invitation to speak at a banquet of anti-strike and anti-boycott advocates:

"I am a fierce partisan of the open shop and everything that makes for individual liberty, and I should like to contribute anything that might be possible for me to contribute to the clarification of thinking and the formation of right purposes in matters of this kind."

At a dinner in the Waldorf-Astoria on March 18, 1907, Dr. Woodrow Wilson spoke as follows:

"We speak too exclusively of the capitalistic class. There is another as formidable an enemy to equality and freedom of opportunity as it is, and that is the class formed by the labor organizations and leaders of the country."

We reprint them here because they have an important bearing on the questions whether the Democratic administration, in what it did during the last week in August, was actuated by sincerity of a life-long conviction.

GOOD NEWS FOR THE GOOD PEOPLE OF PORTSMOUTH

NERV-WORTH NOW ON SALE AT FISHER & STREICH'S PHARMACY

Read What W. S. Boyd, of Normal, Ky., Gratefully Said of Nerv-Worth

As was stated in these columns Tuesday the marvelously successful new Nerve Tonic, Nerv-Worth, is now on sale at Fisher & Streich's Pharmacy, and already victims of nervous ills are visiting the store to take a sample dose of the tonic and to talk with the Nerv-Worth demonstrator, Mr. F. H. Lawyer, about the medicine's wonderful merits.

A tremendous factor in all these Nerv-Worth campaigns has been the giving in of Nerv-Worth endorsements by its grateful users.

For example here is a striking neighborhood endorsement of Nerv-Worth. It was given some time ago by W. S. Boyd, of Normal, Ky., near Ashland:

Nerv-Worth Co.: During the spring and summer of 1915, I was bothered with what the doctors called a sun stroke (or in other words, overheat). One doctor called it vertigo, and I had to have a doctor on an average twice in three weeks. I would take pills, swimming of head, and was run down. Could not sleep after hard day's work. I tried two as good doctors as I could find in Ashland, with only temporary relief. A friend of mine advised me to try Nerv-Worth. Never had any faith in patent medicines, but my friend and my wife persuaded until I went and bought two bottles of Nerv-Worth and I used them both strictly as directed, and anybody in Ashland or Normal could testify to the results. I have never been sick a day since I used it (Nerv-Worth) and I have gained 29 pounds, and feel just fine for a man of my age (42 years) and weigh 190 pounds. Work every day and I give Nerv-Worth credit for my good health today.

W. S. BOYD, Normal, Ky.

Your dollar back at Fisher & Streich's Pharmacy if Nerv-Worth does not benefit you.

The following from the Daily Calumet, a newspaper published in Chicago, is of interest here as pretty Viola Frey is a granddaughter of Mrs. Katherine Frey of Turkey Creek, this county and she also has two uncles living there, George and John Frey:

"With the Calumet river water contained in a bottle decorated with the national colors substituted for French champagne, the lake-ocean freighter, 'Manta' was launched at the plant of the Chicago Ship Building company, One hundred and First street and the Calumet river, ten minutes ahead of the appointed hour today, by Miss Viola Frey, twelve year old daughter of C. W. Frey, assistant treasurer of the East Side yards.

"The greatest crowd of school children that ever witnessed a launching at the South Chicago shipyards was present to the great delight of Superintendent Frank C. Le Marche, of the local ship-building industry, who makes no attempt to conceal his love for the boys and girls and his interest in them.

"Little Miss Frey, gowned in a pretty white frock, was a trifle nervous at first, but she struck the bow of the boat with the patriotically adorned water bottle as the ship started its descent.

Mrs. Steven Stewart, of Sciotoville, entertained Thursday afternoon in honor of the fourth birthday anniversary of her baby daughter, Ruth Madge. The home was beautifully decorated with ferns, palms and the choicest of roses and Kentucky golden glow from Grandma Davis' famous flower garden. The amusements for the afternoon consisted of pinning tails on a donkey, blindfolded, in which Ruth Stewart won the prize, a rubber ball, and Harriet Walden, the booby, a toy balloon. A corn hunt was also indulged in. Marion Bremer received a box of candy for finding the most kernels and Jack Finney a toy balloon for the least number. Miss Edna Wilhelm assisted Mrs. Stewart in serving refreshments of yellow and white cream and cakes in the dining room, which was a dream of beauty in Kentucky golden glow and white chrysanthemums. The table was decorated with yellow crepe paper festooned from the chandelier to the table. In the center was the birthday cake with four tiny white candles, two cut-glass vases filled with the golden glow at each end completing the picture. The favors were yellow and white baskets filled with delicious home-made candies. The place cards were tiny pumpkin jack-o'-lanterns. Those present were: Harriet Walden, Dick and Jack Fin-

ney, Dean McClean, Betty DeCrown, Alfred Thacker, Harold Orthmeyer, Imogene Jenkins, Lillian Wiseman, Joe Brant, Jay Elms Stedman, Ruth Steven, Jr. and Bernice Stewart, Mesdames Bert Brant, Grant Wiseman and Steven Stewart, of Sciotoville, and Miss Edna Wilhelm and little niece, Marian Bremer, of Portsmouth. Many dainty little gifts were received by the little hostess.

Miss Margaret Stadler will entertain the G. G. C. of the Second Presbyterian Sunday school, Saturday evening at 7:30 o'clock with a Halloween party at her home, 1119 Fourth street. All members are urged to be present.

The Thursday Afternoon Sewing Club will participate in a Halloween party at the home of Mrs. Etta Matthews, in Scioto Trail. The next regular meeting will be held in a month at the home of Mrs. B. W. Hopkins.

Mrs. Henry Prosch, of Seventeenth street, left this afternoon for a visit with relatives in Greenfield and will also visit her sister, Miss Ella Kerns, at Fruitdale, where she is spending the winter.

Mrs. G. F. Lamm, of Lucasville, and Mrs. A. E. Simpson, of Grandview avenue, spent Thursday in Columbus shopping.

The Bigelow Children's Missionary Society will meet Saturday afternoon at the home of Miss Grace Roark, on John street, near Gallia.

Division One of the Ladies Aid of the First Baptist church will hold a bake sale on Market Square Saturday evening, when they will have plenty of good bread and cake.

Mrs. Milton Meiss (Doris Lehman) left today for her home in Cincinnati after visiting at the home of her parents, Mr. and Mrs. Moses Lehman.

Edward T. Reed is spending a few days at Camp Brookside.

Mr. and Mrs. J. T. Breese, who have been visiting in Washington, D. C., will go to Delaware tomorrow to visit their son, James, and from there Mrs. Breese will go to Columbus to attend the National Convention of the Methodist Woman's Home Missionary Society and Mr. Breese will come on home.

Mrs. J. W. Eitch, Miss Ruth Eitch, Miss Sallie Eitch, of Ashland, and Miss Gladys Hughes went to Delaware today to visit Clyde Eitch and Miss Grace Hughes.

GUARD YOUR CHILDREN AGAINST DISEASE

Infantile paralysis, scarlet fever, diphtheria, and other dreaded diseases of children can be guarded against. Medical and health authorities everywhere advise gargling, and spraying of the nose and throat, whenever a child shows symptoms of having "a cold" or whenever epidemics are prevalent in the neighborhood.

The gargling and spraying should be done with a safe and powerful antiseptic. Physicians find some difficulty in recommending one which is powerful enough and yet can safely be kept where children are likely to get hold of it. Since the discovery of Hyclorite, this difficulty has been overcome.

Five to ten drops of Hyclorite in a glass of water have given unsurpassed results as a spray and gargle in places where epidemics of infantile paralysis and scarlet fever occurred and in winter and spring when diphtheria is prevalent.

Hyclorite is a solution of sodium hypochlorite. A U. S. Government report has been published showing that 130 antiseptics were recently tested in military hospitals of Europe and sodium hypochlorite is declared by the surgeons to be the most efficient and economical of them all.

Although many times more powerful than the harmful antiseptics which contain poison, acid, mercury, or dangerous preservatives, Hyclorite is even safer than the weak and ineffective peroxides. It is clean, clear and harmless—but powerful.

It is excellent for burns, is unsurpassed for cuts and wounds, as a mouth wash and as a general family antiseptic. Any druggist can supply you with Hyclorite in 25 and 50 cent bottles. General Laboratories, Madison, Wisconsin.

Dr. Joseph Lake was called to Vanosburg today to the William farm on professional business.

Mrs. Charles Hauck went to Columbus yesterday for a few days' visit and will be accompanied home by her sister, Mrs. Frank Aitkin, of Grand Rapids, Mich.

The Boomerang Club will hold the next meeting at the home of Miss Lena Hauck.

Mrs. Lawrence Neudoerfer's guest, Mrs. Florence Shakespeare, leaves tomorrow for her home in Pittsburgh, Pa.

Mr. Charlie Mootz, of Powellsville, visited Dr. Lake today on his way to Chicago.

Mrs. Frank Revere, of Offener street, will spend the week-end with her son, Graham, at O. W. U., Delaware.

Mr. and Mrs. Fred Krekel returned to their home in Bridgeport after a visit at the home of Mr. Adam Krekel, 815 Findlay street.

Mr. and Mrs. Harry Boyd have issued invitations to a Halloween party to be given at their home, 1001 Second street, Tuesday evening, October 31st. The invitation reads: "A Halloween Party, there's going to be."

And we want you there as sure as can be; There'll be joy and laughter by the fire— Please say you will come and join in the fun.

Mask. 8 p. m.
The guests will include the young men and women employed in the Bragdon Dry Goods store and a few others. On the following evening Mr. and Mrs. Boyd will entertain a few children in the neighborhood for the pleasure of their attractive little sons, Masters Francis and Nelson Boyd.

Mrs. Estella Johnston, Sixth street, has returned from an extended visit with relatives and friends at Sinking Springs.

Mrs. Henry Smith, of Charleston, is the guest of Mr. and Mrs. Joseph Mendel, of this city.

Mrs. Dan Lahold, of Fifth street, is visiting relatives and friends in Cleveland.

Mr. and Mrs. Steve Ingles, who have been living on Seventh street, have moved to 933 Third street.

FALLS DOWN STAIRS

Mrs. John E. Ross, 423 Third street, was painfully injured Thursday night at the home of Mr. and Mrs. Ora Case, Madison street. In assisting the guests to take their departure after a splendid evening's entertainment given at the Case home by Section One of the First Christian church, Mrs. Ross had gone up stairs to get the guests' coats and hats. In descending her heel probably caught on the top step and she was precipitated to the bottom. The force of the fall carried her through a floor leading to the yard, where she was picked up in an unconscious condition. Dr. Test was called and Mrs. Ross, who was painfully bruised and un-nerved by the shock, was taken to her home.

REV. CAUDILL HONORED

Honor was bestowed upon Rev. B. F. Caudill, pastor of the First Baptist church at the State Baptist convention held at Mt. Vernon, O., Monday, Tuesday, Wednesday and Thursday, when he was elected to preach the annual sermon at the state convention to be held at the Ashland Avenue Baptist church, Toledo, next year. The convention is held the third week in October. Rev. W. H. Miller, delegate from the First Baptist church, will return home the latter part of the week. He is visiting in Ashland, O. Rev. Caudill, Rev. W. M. Hart, Rev. P. W. Chase, Rev. H. C. Smith, Mrs. Charles Russell, Mrs. James Dawson and Miss Merle Sowers returned Thursday from the convention.

Round Up Suspects

The police made a general round up Thursday night of suspects in the West End hardware store robberies, arresting over a dozen men.

Mayor Kaps and police officials remained on duty until 1:30 Friday morning questioning the suspects and narrowed the list down to two who have as yet been unable to satisfactorily explain their movements of the night before. Suspicion also strongly points to one of them. All of the others were released.

A complete search was also made of all shanties along the city's water front but no trace of the stolen guns and cutlery was found.

Comes Armed With Gun And Two Kinds Of Acid To Kill Wife--Fails

J. W. Bowling, a former local N. & W. terminal employee, who just returned from Richmond, Va., made an attempt to kill his wife and her mother, Mrs. Mettleson, at the latter's home on Chillicothe street near Tenth, while crazed by drink Friday morning.

Armed with a knife Bowling rushed into the home and chased his wife and mother-in-law from room to room,

threatening to cut their heads off and to then set fire to the house, saying "we will all burn a pin Hades together."

The women called for help and neighbors summoned the police who found Bowling in the back yard. In a sack in which he was carrying his personal belongings were found a bottle of carbolic acid and also a bottle of nitric acid. A number of pistol cartridges were also found on

him.

He was looked up at the city prison and ordered held until he had thoroughly sobered.

Mrs. Bowling later called at police headquarters. She told the officials that she left her husband at Richmond last Tuesday because of his mistreatment and threats. A note which she addressed to him telling of her intention to leave him was found among his papers.

If Too Fat Get

More Fresh Air

Be Moderate in Your Diet and Reduce Your Weight With Oil of Korein

Lack of fresh air weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Put out on by indoor life is unhealthy and if nature is not assisted in throwing it off by increasing the oxygen-carrying power of the blood, a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from The Fisher & Streich Pharmacy, or any drug-gist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a noticeable reduction in weight.

At The Exhibit

"The Plot of a Demon" is the title of part 4 of the "The Yellow Menace," that master serial being shown today.

Hong Kong Harry, a half-caste enlisted by Ali Singh, persecutes Najila by his drug-induced passion. The girl contrives to telephone the police, who raid Ali Singh's headquarters, but are outwitted, while Bronson narrowly escapes death when his car falls from a broken trestle into a ravine. Manning and Kamp nearly capture Ali Singh, but are defeated by a beautiful odalisque, Katisha, a creature devoted heart and soul to the lighter one. The action takes place on a house-boat on Long Island Sound.

"Ford Animated Weekly" is full of interesting events. "Giddy, Gay and Tickle" is a Keystone comedy featuring Syd Chaplin the laugh producer, who made his brother famous. Remember the price is only five cents.

"The Folly of Desire," a five reel drama and one of the very latest and best productions of the

Red Feather Feature Co. will be the big attraction at the Arcana theatre tonight. There is no need of extolling the virtues of the Red Feather productions. Whenever shown patrons always declare them to be in a class by themselves. The one tonight is a climax of them all, a show that commands prices of 15c and 25c in the big cities. You can see it tonight at the Arcana theatre for the small sum of five cents and if you are not fully satisfied your money is waiting you at the box office. A play with the punch tonight.

Three Big Features at the Temple Theatre Tonight

Manager Harold Potts of the Temple theatre has a rare treat in store for his Friday night patrons. The headliner will be a three reel drama, Selig, entitled, "The Reprisal," a play that is of intense human interest and one that teaches a high moral lesson. This will be followed by two extremely enjoyable comedies, "For Value Received" and "Trapping the Bachelor." These comedies round out one of the best bills of the week and if you want to spend one of the happiest evenings of your life be at the Temple tonight. Five big reels of high class productions for only five cents—can you beat it?

Claims A Frame-up; Other Police News

James Early, Nashville, W. Va., whom Officer Flowers arrested on a charge of gun-toting, is believed by Mayor Kaps to have been a victim of circumstances and he accordingly reserved his decision in the case Friday.

Early told the court that a former colored detective had accosted him, asking him to buy a pistol of him for \$3. He told him he had no use for it. Suddenly the officer hove in sight when the detective told him to quickly pocket the gun, which he did. When the officer came up to them, the former detective asked him to arrest Early, telling him he was armed.

The mayor has learned the identity of the former sleuth and he will be given an opportunity to explain. The case of Floyd Bowman, who was charged with disorderly conduct, was continued until a Mr. Bungard-

ner and son, with whom he had trouble near the flood wall, can appear.

Ralph Ware was fined \$10 for fighting with Grover Henson, James Friend, who raised a disturbance at his home back of the Prichard garage, was fined \$10, which was suspended pending good behavior.

William Coles, colored, charged with stealing a \$6 watch of Sam Boyer, an aged negro, was dismissed until property rights are proven. Coles admitted taking the watch to a shop for repairs, but denied he had obtained it from Boyer.

The mayor still reserved his decision in the case of Henry White, who cut Charles McDermid, following a "crap" game.

Charles McGill was fined \$5 for intoxication.

Plain drunks giving the names of George Doyle and Ed Little, who had been "in hoo" several days, were turned out with warnings to be on their good behavior.

Most Effective Remedy Mother Had Ever Used

Dr. Caldwell's Syrup Pepsin Relieves Baby When Other Medicines Failed

There is nothing so necessary to a child's health and comfort as regularity of the bowels. All children are especially susceptible to stomach trouble and any overstrain of the sensitive organs has a tendency to obstruct elimination. This condition is responsible for much of the illness of childhood.

To relieve constipation a mild laxative should be employed. Cathartics and purgatives are violent in their action and should be avoided. Mrs. Alfred DuBois, Mt. Holly, N. J., says Dr. Caldwell's Syrup Pepsin is without doubt the most effective remedy for constipation she has ever used and that it is the only remedy she could find for her baby. Little Earl was badly constipated during his first year and nothing she tried seemed to help him until she got a bottle of Dr. Caldwell's Syrup Pepsin. Now he is a fine, strong, healthy boy, and she thanks Dr. Caldwell for it.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, free from opiates or narcotic drugs; it acts gently without griping or other discomfort, and appeals to children because of its pleasant taste. Druggists everywhere sell it for fifty cents a bottle, and every mother should have it in the house for use whenever occasion arises.

Earl DuBois

To avoid imitations and ineffective substitutes always be sure to ask for Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

TERMINALS

An unknown white man about 25 years of age was found dead near Maher, W. Va., Oct. 19 at 10 a. m. lying beside the N. & W. track near mile post 481. The train by which he was struck is unknown. His residence is also unknown. The body was turned over to the city authorities at Nantua.

B. T. Dorris, salesman for the Buick Auto Company, who lives at Atlanta, Ga., was a passenger on extra 1445 east bound Thursday, in charge of some Buick automobiles and was standing in the caboose when the train, streaked up at Genett near Haverville, throwing him against the stove, slightly burning his right hand.

The train was in charge of Conductor H. H. Gillespie. G. W. Jett, telephone superintendent of Roanoke, was a business visitor here Thursday.

Frank H. Forrest, N. & W. machinist, is ill at his home on Twelfth street, Portsmouth, with tonsillitis.

Talk of starting a bank in the village is making the rounds of the business men. The business men are talking of meeting in a body and appointing a committee to call on the banks of the city to open a branch bank in the village. There are several splendid corner lots in the village that would make ideal locations for a bank. The business men feel certain that the time is ripe for a bank and do not hesitate to say that they think it would be a paying proposition.

An Easy Way To Get Fat And Be Strong

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless some foolish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

There is a preparation known to reliable druggists almost everywhere which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This modern treatment is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through regenerative, re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to the starved, broken-down cells and tissues of your body. You can readily picture what result this amazing transformation should produce as with increased weight the cheeks fill out, hollows about neck, shoulders and bust disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. Fisher & Streich's Pharmacy and other leading druggists of this vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

Will Watch For Illegal Voting

Concerning the reports of colonization of non-residents for the purpose of "illegal" voting in the coming election, Edward C. Turner, attorney general, in a letter to Prosecuting Attorney Joseph T. Micklethwait, Friday, says that all rumors should be carefully investigated. Relative to the reports, the

Attorney General says:

"I know not what may be the foundation for such stories or whether there is the slightest justification. I do know, however, that the honor of the State of Ohio demands that there should be no fraudulent voting within this state, and that the slightest rumor should be carefully and thoroughly investigated."

In a recent ruling, Edward C. Turner, attorney general, holds that the registrars serving during the fall registration will be entitled to receive six days remuneration instead of five days, according to Prosecuting Attorney Jos. T. Micklethwait.

The extra day's pay will be allowed this year, for the list of electors, which the registrars are compelled to make.

Auto Driver At Fault

In the smashup between Carl Farmer's automobile and a horse and buggy driven by W. M. Van Kirk in front of the Garfield school building last Saturday evening, Mayor Kaps has held that the driver of the automobile was at fault and has ordered him to make some satisfactory settlement with Lieryman George Schirrmann, owner of the rig, for damages done.

THEATRICAL

Permanent Stock at The Sun

As being of interest in connection with the revival of permanent stock companies in the various cities throughout the country, it is interesting to note that New York had sixteen stock companies in various parts of the city last season. Detroit has had a permanent stock company for several years, and the Colonial Stock Company of Cleveland has become a fixture in that city. Some of the leading successes of the last several years were first produced by the Belasco Stock Company in Los Angeles, which aristocratic city has made this stock company a feature of its life, and the visitor to Los Angeles is taken to its productions as a part of his visit.

Pittsburgh, Denver and other mid-western cities have their own permanent stock companies.

The theater-going public is learning that their time is much better spent in seeing a good play capably acted by earnest, able players and played at a reasonable price than in seeing a cheap road production acted by inferior players, for which they must pay prices which should reasonably entitle them to a first-class production. The stock player in a permanent stock company is on the same plane as the business man who resides in the city. He is in the city to stay. He must give the very best in his line or he will not be patronized. His work is subject to the closest scrutiny and criticism, as the public sees him week after week, and the defects which the traveling player can gloss over will be most painfully apparent in the stock player's work and therefore must not exist.

Tonight the Broadway Players at The Sun will be seen in "Kindling," the same play that made such a big hit last night. There is a matinee tomorrow. "Under Cover" will be on the bill the first half of next week.

Adkins Murder Case Will Go To Jury This Evening

At three o'clock the defense had not completed their arguments in the case of the state against Ben Adkins, who is charged with the murder of Wilbur Nickel, a young steelworker, Bonser's Run. It is probable that the case will

be submitted to the jury late this afternoon.

Attorney Theo. K. Funk at three o'clock was making the last argument for the defense. Judge A. Z. Blair representing the state will give his argument and then the

case will be submitted.

At 4:30 o'clock Thursday afternoon, all of the testimony was finished in the case of the state against Ben Adkins, charged with the murder of Wilbur Nickel, young steelworker, Bonser's Run, and after special charges were read to the jury

by Judge Thomas, Prosecuting Attorney Jos. T. Micklethwait made the opening argument for the state. Arguments will be completed sometime Friday and the case will be submitted to the jury.

On rebuttals, Mrs. Henry Zentner, Rome Arthur and Mrs. Thompson were called to identify a knife which Mrs. Adkins was alleged to have taken from Mrs. Nickel on the morning of the fatal stabbing.

Mrs. Alva Nickel, wife of the deceased, testified that she had placed the knife in a post near the scene of the trouble on the day before and did not see it until it was shown to her by Deputy Sheriff Rome Arthur. She denied that she had gone to the house on the day of the trouble to get a knife.

On cross-examination Attorney Funk, for the defense, asked the witness if she had told anyone what she intended to testify to on rebuttals and she replied in the negative.

Judge Blair, state attorney, then asked Mrs. Nickel if she had not informed him of the incident concerning the knife several days before. Attorney Funk objected. The question was asked in another form and the witness said that she had told Judge Blair about it several days ago.

With several newly-made photographs in his hand, Virgil Fowler was called and asked to testify concerning the views to be obtained from different points at the Thompson home; the Zentner orchard and the Martha Griffith home, as there had been testimony that the witnesses could not see the scene of the trouble from the places where they claimed they were standing.

Several views were taken by Mr. Fowler Thursday noon and developed. Two were taken from the Nickel home with the camera pointing out of the window, where Mrs. Thompson, mother of Mrs. Nickel, has said she saw the trouble. One was taken with the window elevated and the other with it down.

The witness said that he believed that a person standing could be seen. Counsel for defense asked if the foliage was as thick as an apple tree, which stood in front of the Nickel home Thursday, as it was a week ago, when other photographs submitted by the defense were taken. The camera expert said that he did not believe so.

On being recalled, Henry Zentner declared that he discovered he had made a mistake in his testimony, relative to being at the Nickel home on the evening before the trouble. He said that he had misunderstood the question and added that it was the evening after.

Attorney Funk asked the witness when he had discovered his mistake first and whom he had told. Zentner said he had discovered it Wednesday evening on arriving home and had called Judge Blair's attention to it at once.

GETS PATENT ON AWL

John A. Nickel, foreman at the Irving Drew shoe factory, has received word that he had been granted a patent on his shoemaker's awl. It is specially made for the sewing of rubber soles and other soft sole material. It is now in the experimental department of the United Shoe Machinery Company.

FEEL FINE! DON'T BESICK, BILIOUS OR CONSTIPATED

Enjoy Life! Stop the Headaches, Colds, Bad Breath, Sour Stomach

10-Cent "Cascarets" is Best Cathartic for Men, Women, and Children

Cascarets are a treat! They loosen your liver, clean your thirty feet of bowels and sweeten your stomach. You eat one or two Cascarets like candy before going to bed and in the morning your head is clear, tongue is clean, stomach sweet, breath right, and cold gone and you feel grand.

Get a 10 or 25-cent box at any drug store and enjoy the most gentle liver and bowel cleansing you ever experienced. Stop sick headaches, bilious spells, indigestion, furred tongue, offensive breath and constipation. Mothers should give cross, peevish, feverish, bilious children a whole Cascaret any time. They are harmless and never gripe or sicken.

We Are on The Eve of Celebrating a Big Event!

Eleventh Semi-Anniversary And We Want Everybody To Partake In This Celebration

This is not merely an advertisement that appears so frequently in the newspaper for the sole purpose of getting the business, for we are kept pretty busy nowadays and are surely getting our share of the trade, but it has its own meaning, a meaning all by itself and we trust the public will take it that way. It means mostly to express and show our appreciation for the hearty co-operation of the good community in helping us to establish an enterprise that's unequalled in town with its service, a store that holds the reputation now of being the most progressive, the most up to date of its kind, and is still in its infancy.

We are proud of it and we have a right to be. We congratulate ourselves on the splendid patronage it received, but we don't forget that we owe most of our success to the public—and it's the public that has made the store what it is today, hence the public celebration

The Use Of the Lavalliere

The present fashion of ladies' gowns make some form of neck adornment necessary. One may employ a pearl necklace or a strand of gold beads is very pretty and is also appropriate with every form of dress.

The lavalliere, with its fifteen inch gold chain, and two inch gold pendant is particularly suited to the present styles. We display a wide variety of these dainty adornments, varying in price from \$1.25 to \$175.00. The most generally chosen are those set with a small diamond which range in price about \$5.50, \$8.00, \$10.00, \$12.00, \$15.00 and \$25.00.

The Perfume Ball

The season's daintiest novelty is a small flagree ball suspended around the neck by a gold chain. The ball opens by unscrewing. A few drops of perfume is placed upon the absorbent within, the ball is closed, and the fragrance escapes through the flagree work. Price \$2.25.

GOV. WILLIS AND JOB. E. HEDGES HERE TONIGHT

The Scioto county Republicans will hold a big rally this evening at 7:30 at Distel hall, Seventh and Chillicothe streets. Governor Willis and Hon. Job E. Hedges, New York, are to be the principal speakers and many from all parts of the county are expected to attend. Arrangements have been made to accommodate several hundred. All voters are urged to attend this meeting, irrespective of politics, and hear the issues discussed. At 8:25 this afternoon, Hon. Job E. Hedges will arrive from New York. Chairman John F. Beckhart, of the county executive committee, and a delegation of Republicans will meet the distinguished visitor and escort him to the hotel. Judge George M. Osborn has been chosen to act as chairman of the meeting. Hon. Job E. Hedges, who has a nation wide reputation as one of the most brilliant after-dinner speakers in the country, will make the initial address. At 7:30 o'clock Governor Willis and party will be met at the Norfolk and Western depot by a delegation headed by Chairman John F. Beckhart, and taken direct to the hall where Governor Willis will make his address. The River City band has been engaged to entertain things before the meeting begins.

BABY ABUSER MAY HAVE TO STAY 80 DAYS IN JAIL

Harvey Hill, young farmer, Pond Creek, who was remanded to the county jail Wednesday for failure to pay a fine of \$25 and costs, assessed in Squire John W. Byron's court on a charge of maltreating his 27-month-old

step-daughter, Pearl Blevins, will remain there for 80 days, unless he pays up, according to Squire Byron. Hill will receive fifty cents for each day he is imprisoned and his fine and costs amount to \$40.

Hill was arrested the first part of the week upon a warrant issued at the instigation of Probation Officer Harry Ball, charging him with maltreatment of his small step-daughter. Hill pleaded

not guilty to the charge and he was given a hearing Tuesday morning. Two witnesses testified that he had maltreated the child and two that he did not. He was bound over to the grand jury and later waived trial by jury and the fifth witness was called. She declared that Hill had taken his little step-daughter, who was suffering from infantile complaint, into the yard and later pushed his face into the ground.

WASHINGTON POLL FAVORS WILSON

Salesmen while talking shop in the lobby of the Washington hotel Wednesday had their political sentiment placed in concrete form when a straw vote was taken. When the votes were tabulated they showed 14 for Wilson and 12 for Hughes.

Princeton And Brown Are Strong For Hughes

The Hughes National College League gave out today a list of forty-two colleges, from each of which they have enrolled from two hundred to over three thousand alumni. The League already has more than 40,000 graduates of colleges all over the United States enrolled and the enrollments are still coming in by the hundreds.

More Harvard graduates are at work in this organization than those from any other University. There are 3,290 men who received their degrees at Cambridge on the list. Cornell comes second with 2,001 men; Yale is third with 2,050. The fourth and fifth colleges in the number of enrollments are the respective

Alma-Maters of President Wilson and Governor Hughes. There are 1,503 enrollments from Princeton and 1,462 from Brown. This is an unusually high percentage of graduates from both colleges. Dartmouth is sixth, with 1,104 members, and Columbia seventh with 1,093. Among local college men given out as belonging to the Hughes National College League are: W. R. Sprague, 913 Second street; George M. Marshall, 1014 Ninth street; Smith Gaines, Third street; Henry T. Bannan, Floyd Fuller, Arthur H. Bannan, Frederick Benj. Winters, 1128 Eighth street; Homer C. Selby, 1641 Grant street; Frank W. Moulton, Emory M. Gentry and Guy Van Landt Thompson.

MR. BANNON WRITES MAGAZINE ARTICLE

The October number of the Recreation magazine contains a story from the pen of Attorney Henry T. Bannan of this city. It treats of game birds and Mr. Bannan writes interestingly of the subject as to whether the Hungarian partridge or the English ring-necked pheasant can replace the quail in this country.

RAISES WHOPPER SUN FLOWER PLANT

Col. H. W. Toliver, of near Quincy, Ky., was a visitor in the city Thursday and told friends of the regret he felt in not getting his world-beating sunflower plant on exhibition at the recent Kora-Karival. He said he got mixed in his dates and therefore failed to get the plant here in time. The plant was 15 ft. tall, as round as an ordinary table-leg and 16 inches across its face.

Gun Play Results In The Arrest Of Two

A gun-play, which was staged in the arrest, following a desperate encounter of Joe Diel's saloon on counter with police, of Rolly Harrison, upper Gallia street, later resulted in son and Leroy Taylor Thursday evening.

Harrison is a relative of the Webb family in Earlstown, but has been absent for a couple of years. Taylor, the police believe, is the man regarding whom they had just received a message from the sheriff of Adams county, he stating that he was wanted at West Union for breaking jail about a year ago and had heard that he was now in Portsmouth in the company of a man named Harris.

About 5 o'clock bartender Gus Simon reported to the police that Harrison had stepped out the back door of the saloon and fired several pistol shots. Just before that he said Harrison had pulled out the gun in the saloon and laid it upon the lunch counter while he was eating a bowl of soup, but Taylor persuaded him to pocket the pistol again.

Capt. Roma Walker headed the police squad that rushed to the East End after the pair. They came across them walking leisurely along Funk's Gut. They showed fight, as soon as the officers ordered them to halt. Harrison striking at Capt. Walker. It was now dark and a fierce mixup between the officers and the two men ensued. The two were finally overpowered. An empty pistol, believed to be the one which Harrison had discharged at the saloon, was found in Taylor's pocket. Harrison evidently having turned it over to him, though police believe that the two may have had another gun and left it somewhere. Both were under the influence of liquor. Taylor denied that he was the man wanted by the Adams county authorities. They were locked up at the city prison.

Both men were held to the grand jury by Mayor Kaps Friday in the sum of \$200 each. Harrison on a charge of discharging firearms, and Taylor for carrying a concealed weapon.

BIG TIME WILL BE HAD BY GERMANS SUNDAY

Final arrangements have been completed for the "German Day" exercises, which will be held Sunday afternoon at 1:30 o'clock in Tracy Park under the auspices of the German-American Alliance, of this city.

Mr. John Schwab, former mayor of Cincinnati, and one of the Queen City's most distinguished citizens, and Mr. F. U. Arbenz, of Chillicothe, a former state senator, will be the speakers of the day. Col. John P. Waurheit, one of the best known German residents of this city, will act as chairman of the meeting.

The address of welcome will be delivered by Mayor H. H. Kaps of this city.

Providing the weather is not unfavorable for an outdoor meeting the exercises will be held in the Harugari hall, Gallia and Gay streets.

Immediately following the meeting in Tracy Park the guests will adjourn to the Harugari hall, where refreshments will be served. The River City band has been engaged to culminate matters and the local German-American Alliance is planning for one of the most enthusiastic meetings of the kind

ever held in the city. Songs of the dear old "Vaterland" will no doubt reverberate through their hall and deeds of Schiller, Goethe, Von Moltke, Bismarck, Frederick the Great, Uhland, Wieland, Herder, Kant, Mozart, Beethoven, Liszt, Mendelssohn, and Preischke, idols of the Germans, will be enthusiastically recalled.

Mr. Schwab will arrive here Sunday morning on the 11:20 N. & W. train and he will be met by a committee from the German-American Alliance here and will be escorted to the Washington hotel.

Suffers Stroke
George Williams, a shoemaker, living on Eighth street suffered a slight stroke of paralysis Thursday night. His right side is affected.

RED LIPS AND HEALTH
The first place that anemia, or thin blood, shows is in the lips and gums and the membranes that line the eye lids. You may be naturally pale and still be healthy, but when these membranes lose their bright red color your blood is deficient in quantity or color.

This blood is a danger. It invites disease. The organisms of the blood fight off disease germs. Thin blood means less power to do this. For instance, when you cut yourself it does not heal so quickly if your blood is thin and weak.

To build up the blood there is one remedy that has been a household word for a generation, Dr. Williams' Pink Pills for Pale People. They tone up the entire system, make the blood rich and red, strengthen the nerves, increase the appetite, put color in the cheeks and lips and drive away that unnatural tired feeling. Plenty of sunlight, good wholesome food and fresh air will do the rest.

Two books, "Building Up the Blood" and "What to Eat and How to Eat" give just the information that every mother of a growing girl needs. They are free. Write for them today to the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

Two Series Of Sermons To Start At Bigelow

Mr. Weymouth gives us a fine translation of a well-known verse of scripture:

"Put on the whole armour of God so that you may be able to stand your ground on the

day of battle, and, having fought to the end, to remain victors on the field."

The pastor of Bigelow, the Rev. C. E. Chandler, will take the words "Victors on the Field" as a general theme for a series of six sermons to be delivered on six successive Sunday mornings. The subjects are:
"The Belt."
"The Coat."

"Ready!"
"The Screen."
"Losing Your Head."
"A Good Jerusalem Blade."
A second series of indeterminate length will begin on Sunday evening, with the general theme: "The Teaching of Jesus in His Parables." "A Study in Soils", is the first subject.

K. Boys To Get Pay

Capt. W. J. Keyes, of Company K, received word Friday that the federal paymaster would be here tonight to attend a special meeting of Company K at 8 o'clock. It will be held in the Republican headquarters on Gallia street, as the K. boys have to give up District hall to the Willis meeting. All members are urged to be present.

Police To Get Busy

Police Chief Henry Clark, Capt. Roman Walker and various patrolmen held a "council of war" at headquarters Thursday afternoon, outlining a course of action towards clearing up Wednesday night's robberies and avoiding a repetition. The police are satisfied that all three jobs were committed by home talent.

Banquet At Miami

Two Portsmouth men have received invitations to attend the annual banquet for "H" men at Miami University, which will be given Saturday evening, October 21. This banquet is given in recognition of the loyal work done by these men in representing Miami in inter-collegiate contests. The local men honored are: Robert I. Meeks and C. M. Howland.

This banquet is one of the important events in connection with the annual "Home Coming" which begins Friday evening with a big football "pow-wow" and "pop" meeting to put spirit into the team for the game with Kenyon Saturday afternoon.

SUFFERED 17 YEARS

Mrs. Nellie B. Vanzandell, of McAfee, Ky. reports an interesting case of bow she had suffered from bowel trouble since childhood. She says "I had four operations for my trouble and there was nothing would do me any good or give me any relief but Telford's Black-Draught. I suffered 17 years straight until I got to using your... medicine." This long standing trouble was relieved, after other treatments failed, by the use of Telford's Black-Draught, a purely vegetable preparation, made of ground roots and herbs. For over 70 years Black-Draught has helped people who have suffered from constipation, indigestion, biliousness, sick headache, etc. It may be just the medicine you need. Try it. Only one cent a dose—25 cents a package. Your druggist sells it.

Bond Case Goes To Supreme Court

Ironton, Oct. 20.—Attorney A. R. Johnson returned last night from Columbus, where he appeared before the supreme court of the state and asked for the issuance of a writ of mandamus compelling City Auditor Percy W. Dean to sign and deliver \$375,000 worth of water works bonds to the Spitzer, Borick and company, of Toledo, O., the said bonds having been issued to build a water fil-

tration plant in this city, to replace the present one, which has been condemned by the state. Attorney Johnson is representing the Meredith Construction company of Marietta, which was granted a contract to construct a portion of the plant amounting to \$97,617. The Spitzer, Borick and company was awarded the bonds on their bid of \$375,000 and \$10,000 premium.

KEEPING THE PLEDGE

Council gave hint, at Wednesday evening's session, that it meant to keep to the pledge, made in its behalf awhile back, that it would proceed only openly to the consideration of public business and allow no illegal contracting of bills for extras. Director of Service Calvert presented two bills for extras, water pipe ordered, it appears by the city engineer and council refused to allow them.

Just exactly what view it took of them is not altogether clear, but they surely presented a fine sample of choking the dog without the use of butter. On the fact of the transaction there is a plain evasion of the law. A statute says that wherever a purchase or contract is as much as \$500 there shall be prior advertisement and public letting of bids. It is true that in the case of the extras one bill was for \$450.38 and the other for \$431.51 cents, but they were both from the same firm, within a few days of each other and it would seem plain enough the order was split with the purpose of evading the law.

The matter presents a situation that it would be well in council to thoroughly and firmly inquire into. The city does not, as one councilman suggested, "have the goods and have to pay for them." If they were illegally ordered and received out of authority there is no obligation to pay for them. No great loss can come to the seller, considering the character of the goods and right now is the best time for council to get right in correcting a practice that is altogether wrong and can have no other result than exorbitant expense to the city, to put it in the mildest form.

We suppose council is aware of the fact that the voters are getting restive under the growing belief that municipal affairs are being altogether too loosely run. It has the authority to correct abuses and if it does not there will be no other conclusion that it fears to do so because its action would confirm a suspicion already planted in the public mind.

NOTHING NEW ABOUT THAT

State Attorney General Turner has ruled that cities can not sue, under their own ordinances, for excessive speeding in their own limits. Nothing strange about that though it may be new to municipal authorities, which have been highly imposing them one second and nonchalantly remitting them the next. The statute, the law of the state, takes exclusive jurisdiction for he state in this matter and a mere city ordinance can not supersede nor oust a statute.

Mr. Turner also directs that where there have been convictions for speeding the money must go into the county treasury. The instances where fines have been collected are not so many, but we haven't any desire to experience the time the said attorney general will have in getting them out of bankrupt cities.

For one thing they can't keep Old Jupiter Pluvius from doing business at the old stand.

Everything about the Fearless has a whole-hearted air. For instance that rain of Wednesday night and Thursday morning.

Some fellows are easily satisfied, if we may judge from the ease of the mission from the state highway department, who came down in the morning, glanced about him, and then departed in the afternoon for Columbus, to report that the paving of Gallia pike was proceeding satisfactorily.

When we get good roads, the next question to present itself will be the widening of them.

The trouble seems to be that Greece doesn't know what to do and no one knows what to do with her.

You can't tell how some thinkers will operate. Here is one newspaper that thinks the Teutonic powers ought not to fight Rumania. Just turn the other cheek to be smitten, we suppose, but that isn't the way battles are won.

We'll all agree with the Cleveland Plain Dealer that the New York's health board warning against kissing should be thoroughly tried out in that state before being followed elsewhere.

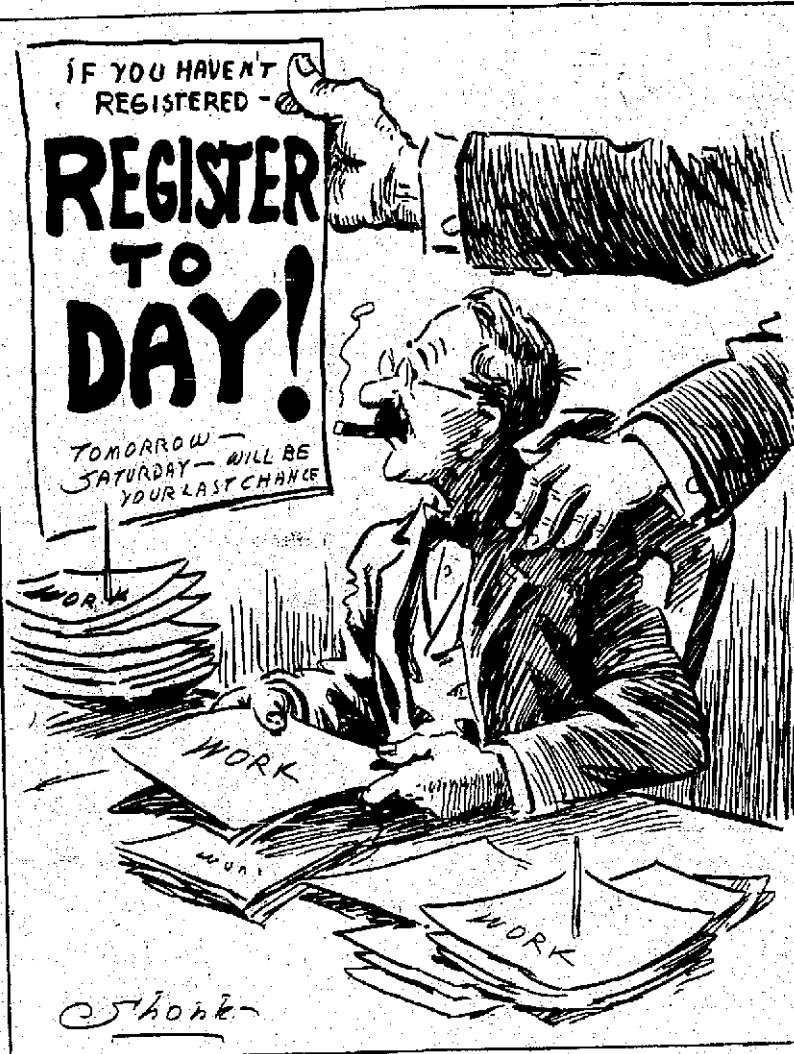

There may be some dispute as to the wisdom of the girl, who doesn't complain at not getting a man's pay, but goes and marries the man.

For once a wild-eyed political rumor has proven true. The G. O. P. heads of messes don't want Roosevelt in Ohio. He tarried for a half hour in Cincinnati, Wednesday. No crowds hailed him and not a single cog in the old Cox machine gave him greeting. Not being able to hold him quiet the campaign managers are slowly enough assigning him where at least he can't do any particular harm and have got him off on a tour through the solid south, 'way down as far as Texas.

Every G. O. P. organ was for preparedness; now all are yelling their heads off over the alleged extravagance of congress, and preparedness means millions and billions of expense, for which congress made merely a beginning appropriation.

According to our figuring the French and English keep on going but they never seem to get anywhere that counts.

OF COURSE YOU'RE BUSY, EVERYBODY IS—BUT—

NEW-YORK-DAY-BY-DAY.
O-O-MEINTYRE.

New York, Oct. 20—
It was night.
On Broadway.
Myriad of lights.
Were popping out.
To light the street.
And skies.
By my side walked.
Louis H. Chaff.
Who has danced.
For the Czar.
And as we walked.
The throngs swayed by.
Fighting the Nameless Thing.
Ennui.
The cabaret's din.
Floated out from.
Roof and eave.
And Chaff wondered.
If New York really knew.
That the world.
Was distraught with war.
That battlefields were.
Wet down with blood.
Sinking vessels.
Dotted the seas.
Amid choking screams.
Of dying drowning men.
Who fought and died.
For what?
They never knew.
And just then.
A grizzled man.
Touched my arm.
And said:
"For God's sake, Cap.
Don't let me starve.
I need food."
And he trembled.
And shook.
And his lips turned blue.
We tossed him coins.
And he vanished.
Into the shadows.
To see one man hungry.
Sickened us.
And then we realized.
That thousands were
Starving.
Over the sea.
And get we read.
With little concern.
And an actor at
Times Square said.
As we passed by:
"Tis a gay old world."
No wonder.

BED TIME TALES

Everything Is Ready.

It was a lucky thing for Father Beaver that Mother Beaver would be home when he got home. If she had been away he would have had to wait for her. He found it much closer to his home than he had remembered. It was. No journey seems as long when you are going home.

Mother Beaver promised she wouldn't, and Father Beaver hustled away to see about his raft. He found it much closer to his home than he had remembered. It was. No journey seems as long when you are going home.

But his troubles were only postponed. The minute he waked up in the evening, Mother Beaver began her questions. "Where in the world were you last night, Father Beaver," she demanded, "and what were you doing?" "Oh, I was busy," replied Father Beaver. "I wasn't very well, but I might tell me about it," said Mother Beaver.

"Now, Mother Beaver, you just wait!"

When you take it a second time— you know that yourself, don't you? He ran down the side of Crooked Creek only a little way, turned a head, and there was his raft, safe and sound, and as handsome as could be. I tell you he was proud of it! "Mother Beaver won't have to wait even a half an hour," he exclaimed in delight. "I'll go straight back and get her. Won't she be surprised!" And away he ran as fast as ever he could toward where Mother Beaver was waiting.

STEADY PROGRESS TOWARD OBJECTIVE

London, Oct. 20.—Gradually the French are drawing their front closer to the town of Peronne, on the eastern bank of the Somme river in France. After Wednesday's advance along a mile front between Bouches and La Maisonette on the west side of the river, an attack launched Thursday was marked with further gains, which virtually brings them to the bank of the stream.

To the north and east of Sailly-Saillies, where the French have advanced their line in the last few days at what Berlin war of-

fice asserts was a cost in casualties not commensurate with the gain, the Germans have a violent counter-attack, which was repulsed by the French.

COAL HIGH IN WEST VIRGINIA

Charleston, W. Va., Oct. 20.—The price of coal for domestic purposes will be higher in West Virginia this winter than ever before, according to dealers. Nut coal now sells for 9 1-2 cents a bushel, while slack, or fuel coal, formerly selling at 3 1-2 cents, now costs 5 1-2. The price for lump coal is 11 cents a bushel, while the former price was from five to six cents.

Berlin, Oct. 20.—(Via London) Field Marshal Alexander H. R. He had never returned to the front since he was wounded by shrapnel fire in March, 1915, while inspecting advanced positions. The field marshal was seventy years old last May.

TURBULENT CONDITIONS IN ATHENS

[BULLETIN]
London, Oct. 20.—Extremely turbulent conditions in Athens on Wednesday night are reported in a despatch from Reuters correspondent at the Greek capital, sent that evening. Greek reservists have taken the law in their own hands despite the presence of strong entente detachments of marines who are given virtually no assistance by the Greek authorities in maintaining order, the despatch declares.

The dispatch declares: "Tonight," the message reads, "it is evident that the reservists are out of hand for despite the fact that strong cavalry forces are escorting the French and Greek marines and soldiers spread about everywhere, the reservists, assembled in groups, have taken the law into their own hands and the Greek forces for the maintenance of order do not dispose of them." "The chief of the French police control has informed the editors of the Anti-Venizelos press that beginning tomorrow the French will exercise a newspaper censorship and that newspapers printing anti-Entente articles run the risk of suspension."

BALLOON SCHOOL TO BE ESTABLISHED AT AKRON BY UNCLESAM

Washington, D. C., Oct. 20.—Army aviation officers are preparing to carry their campaign for the development of the air service into the field of balloons and other heavier than air craft. It was stated today that a balloon school probably will be established at Akron, Ohio, where it is expected the first balloon equipment for the army will be constructed, or at Fort Omaha, Nebraska.

A rubber company in Akron is co-operating with the war department in developing heavier-than-air craft. Major Charles De F. Chandler, of the signal corps, who has had many years of practical experience with balloons, has been appointed head of a new division created in the aviation section of the signal corps. All matters pertaining to free and captive balloons, dirigibles, hydrogen, gas, lifting plants and the like, will hereafter be under his charge. He is now in New York assembling a staff of officers to aid him, preparatory to the establishment of a school for the training of officers and men for the balloon service similar to the aeroplane training stations.

Bids have been advertised for two spherical and two kite balloons which will be the first equipment for the new branch of the aviation service. With the funds for aviation work made available by congress it is planned to add additional balloons or dirigibles as rapidly as men to handle and care for them can be trained. There is no present intention of entering upon the construction for the army of airships of the Zeppelin type. Small dirigibles will be sought for the new branch of the aviation section as its development progresses, but it will require the establishment of a new policy by the department if

15 MEN BELIEVED TRAPPED IN MINE; LITTLE HOPE HELD OUT FOR SAFETY

Fairmont, W. Va., Oct. 20.—Sixteen men are known to have been entombed and nine others are missing as a result of an explosion of coal dust in mine No. 7 of the Jamison Coal and Coke company at Barracksville, near here yesterday. The interior of the mine as well as the tipples and other buildings were wrecked by the blast and although 200 men are working desperately to clear away the debris, officials of the company believe it will be several hours before rescuers can enter the workings.

All the men in the mine are believed to be dead as the mine is on fire and the shaft is choked with debris making their escape impossible. Those not killed by the dust explosion are believed to

have been suffocated or burned to death.

Pittsburgh, Oct. 20.—Information was received here this morning that L. M. Jones, of Pittsburgh, one of the party of seven mining engineers sent from the Pittsburgh station of the Bureau of Mines to relief of the miners entombed in the Jamison mine at Barracksville, West Virginia, had been asphyxiated in the work of rescue. No details of his death were reported.

Early today the rescuers had succeeded in clearing the debris from the 300 foot shaft and had reached the bottom where they found conditions bad. Exploration of the mine workings, it was said, would be commenced as soon as possible. Not one member of the party believed the entombed men were still alive.

KEEPING THE PLEDGE

Council gave hint, at Wednesday evening's session, that it meant to keep to the pledge, made in its behalf awhile back, that it would proceed only openly, to the consideration of public business and allow no illegal contracting of bills for extras. Director of Service Calvert presented two bills for extras, water pipe ordered, it appears by the city engineer and council refused to allow them.

Just exactly what view it took of them is not altogether clear, but they surely presented a fine sample of choking the dog without the use of butter. On the fact of the transaction there is a plain evasion of the law. A statute says that wherever a purchase or contract is as much as \$500 there shall be prior advertisement and public letting of bids. It is true that in the case of the extras one bill was for \$150.38 and the other for \$481.51 cents, but they were both from the same firm, within a few days of each other and it would seem plain enough the order was split with the purpose of evading the law.

The matter presents a situation that it would be well in council to thoroughly and firmly inquire into. The city does not, as one councilman suggested, "have the goods and have to pay for them." If they were illegally ordered and received out of authority there is no obligation to pay for them. No great loss can come to the seller, considering the character of the goods and right now is the best time for council to get right in correcting a practice that is altogether wrong and can have no other result than exorbitant expense to the city, to put it in the mildest form.

We suppose council is aware of the fact that the voters are getting restive under the growing belief that municipal affairs are being altogether too loosely run. It has the authority to correct abuses and if it does not there will be no other conclusion that it fears to do so because its action would confirm a suspicion already planted in the public mind.

NOTHING NEW ABOUT THAT

State Attorney General Turner has ruled that cities can not fine, under their own ordinances, for excessive speeding in their own limits. Nothing strange about that though it may be new to municipal authorities, which have been bighly imposing them one second and nonchalantly remitting them the next. The statute, the law of the state, takes exclusive jurisdiction for he state in this matter and a mere city ordinance can not supersede nor out a statute.

Mr. Turner also directs that where there have been convictions for speeding the money must go into the county treasury. The instances where fines have been collected are not so many, but we haven't any desire to experience the time, the said attorney general will have in getting them out of bankrupt cities.

For one thing they can't keep Old Jupiter Pluvius from doing business at the old stand.

Everything about the Peerless has a whole-hearted air. For instance that ruin of Wednesday night and Thursday morning.

Some fellows are easily satisfied, if we may judge from the case of the union from the state highway department, who came down in the morning, glanced about him, and then departed in the afternoon for Columbus, to report that the paving of Gallia pike was proceeding satisfactorily.

When we get good roads, the next question to present itself will be the widening of them.

The trouble seems to be that Greece doesn't know what to do and no one knows what to do with her.

You can't tell how some thinkers will operate. Here is one newspaper that thinks the Teutonic powers ought not to fight Rumania. Just turn the other cheek to be smitten, we suppose, but that isn't the way battles are won.

We'll all agree with the Cleveland Plain Dealer that the New York's health board warning against kissing should be thoroughly tried out in that state before being followed elsewhere.

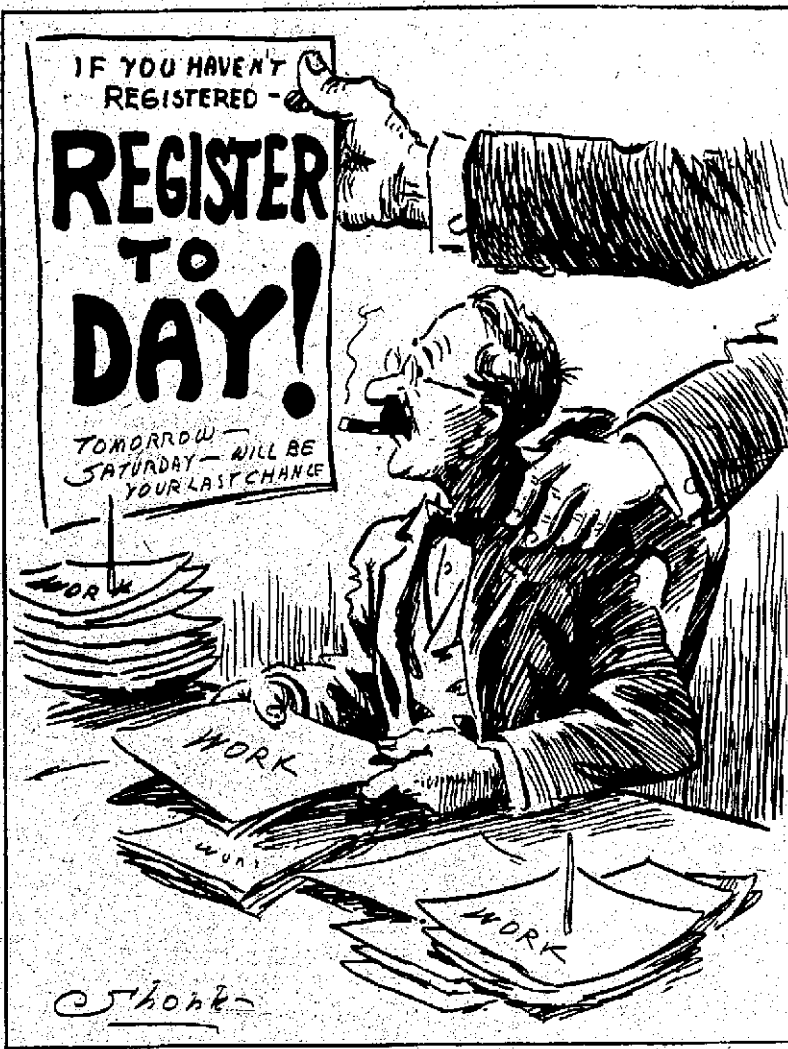

There may be some dispute as to the wisdom of the girl, who doesn't complain at not getting a man's pay, but goes and marries the man.

For once a wild-eyed political rumor has proven true. The G. O. P. heads of messes don't want Roosevelt in Ohio. He tarried for a half hour in Cincinnati, Wednesday. No crowds hailed him and not a single cog in the old Cox machine gave him greeting. Not being able to hold him quiet the campaign managers are shrewdly enough assigning him where at least he can't do any particular harm and have got him off on a tour through the solid south, 'way down as far as Texas.

Every G. O. P. organ was for preparedness; now all are yelling their heads off over the alleged extravagance of congress, and preparedness means millions and billions of expense, for which congress made merely a beginning appropriation.

According to our figuring the French and English keep on going but they never seem to get anywhere that counts.

OF COURSE YOU'RE BUSY, EVERYBODY IS—BUT—

It can scarcely be credited, but 'tis nevertheless true, that high price of ink and paper is making Mexican money dear.

"Splitting" public bills and contracts is a mighty dangerous thing all around.

Be calm, the worst is yet to come. A manufacturer says by 1919 there will be five million automobiles buzzing around.

A horrible thought presents itself; is that dum going to be or not to be a good thing for the local bathing beach.

It does sound rather queer to hear that Bryan is campaigning in Tennessee with Ite. But then it is all right, Ite is the fluid name of the governor of the state, who is opposed to the name being existent otherwise.

And the whole country awaits with breathless anxiety the next straw vote from Dayton, Tennessee.

Politics do make strange bedfellows. Here is the German-American Alliance resolving for Herriek and the Anti-Saloon league issuing directions from headquarters at Washington to vote for him.

Wonderful Wilson weather—that's it. Everything going his way.

Cousin Myron seems to be but succeeding feebly from the Anti-Saloon League that the German-American alliance is for him and has no more success in concealing from the German-American alliance that the Anti-Saloonis for him.

Everything Is Ready

IT WAS A LUCKY THING for Father Beaver that Mother Beaver was sound asleep when he got home. If she had been awake she would have wanted to know where he had been and what he had been doing and all about it. And Father Beaver wouldn't have known what in this world to tell her, for, of course, he wanted to keep the raft a secret till he was ready to take her for a ride. He was tired, too, from all his exciting labors and he was glad indeed to drop down in his hiding place and go to sleep.

But his troubles were only postponed. The minute he waked up in the evening, Mother Beaver began her questions. "Where in the world were you last night, Father Beaver," she demanded, "and what were you doing?" "Oh, I was busy," replied Father Beaver. "I wasn't very far away."

"Well, I think you might tell me about it," said Mother Beaver. "How much did you tell when you were making your party?" asked Father Beaver. "Oh, I'm getting surprised! Well, how soon will I know about it? Where is it? What kind of a surprise is it?"

Now Father Beaver was scared to death for fear he might by mistake tell his secret. He knew the only safe thing was for him to get away. You see, he didn't want to tell till he was all ready; and he couldn't be all ready till he had run down to where he had left the raft and seen whether it was all right or not. So he said, "Now, Mother Beaver, you just wait. In one-half an hour I'll tell you whether I have a surprise or not. And during that half hour, you're not to ask a question nor are you to watch where I go."

Mother Beaver promised she wouldn't, and Father Beaver hustled away to see about his raft. He found it much closer to his home than he had remembered it was. No journey seems as long

At 7:30 o'clock Governor Willis and party will be met at the Norfolk and Western depot by a delegation headed by Chairman John F. Eckhart, and taken direct to the ball where Governor Willis will make his address. The River City band has been engaged to entertain things before the meeting begins.

Arguments Being Made In The Adkins Murder Case

At 4:30 o'clock Thursday afternoon, all of the testimony was finished in the case of the State against Ben Adkins, charged with the murder of Wilbur Nickel, young steel worker, Bowser's Run, and after special charges were read to the jury by Judge Thomas, Prosecuting Attorney J. T. Micklethwait made the opening argument for the State. Arguments will be completed sometime Friday and the case will be submitted to the jury. On rebuttal, Mrs. Henry Ziemer, Rome Arthur and Mrs. Thompson were called to identify a knife which Mrs. Adkins was alleged to have taken from Mrs. Nickel on the morning of the fatal slaying. Mrs. Adkins, wife of the defendant, testified that she had placed the knife in a post near the scene of the trouble on the day before and did not see it until it was shown to her by Deputy Sheriff Rome Arthur. She denied that she had gone to the house on the day of the trouble to get a knife. On cross-examination, Attorney Funk, for the defense, asked the witness if she had told anyone what she intended to testify to on rebuttal and she replied in the negative. Judge Blair, state attorney, then asked Mrs. Nickel if she had not informed him of the incident committed by her husband. The question was asked in another form and the witness said that she had told Judge Blair about it several days ago. With several newly-made photographs in his hand, Virgil Fowler was called and asked to testify concerning the views to be obtained from different points at the Thompson home; the Ziemer orchard and the Martha Gruffy home, as there had been testimony that the witnesses could not see the scene of the trouble from the places where they claimed they were standing. Several views were taken by Mr. Fowler Thursday noon and developed. Two were taken from the Nickel home with the camera pointing out of the window, where Mrs. Thompson, mother of Mrs. Nickel, has said she saw the trouble. One was taken with the window elevated and the other with it down. The witness said that he believed that a person standing could be seen. Counsel for defense asked if the foliage was as thick on an apple tree, which stood in front of the Nickel home Thursday, as it was a week ago, when other photographs submitted by the defense were taken. The camera expert said that he did not believe so. On being recalled, Henry Ziemer declared that he discovered he had made a mistake in his testimony, relative to being at the Nickel home on the evening before the trouble. He said that he had misunderstood the question and added that it was the evening after. Attorney Funk asked the witness when he had discovered his mistake first and whom he had told. Ziemer said he had discovered it Wednesday evening on arriving home, and had called Judge Blair's attention to it at once. The state announced that it rested. The jury was given a short recess; then special charges were read and Prosecuting Attorney Micklethwait opened the arguments.

"Where Are My Children?" at The Columbia Today and Tomorrow

Starting today and continuing for a period of two days with five performances daily at 1:30, 3:30, 6:30, 8:00 and 9:30, the screen drama that has shocked New York and other cities into a new realization of sex responsibility and the sanctity of motherhood "Where Are My Children?" will be presented at the New Columbia. It comes direct from the Globe Theatre New York, and in presenting this film drama to the American public, its authors and producers have gone far to unveil one of the most fascinating as well as momentous problems of human life and conduct. The intensely gripping story that is told might well have served alone as the material of a notable play; but above and beyond the fine humanity and intimate tenderness of the play lie the yet more vital questions which effect and rule the lives of every man and woman who lives, who marries, who has or yearns to have a home. No subject of greater moment now confronts people of all classes than that attending the subject of birth, the regulation of the size of families. With incomparable dignity, as well as truth, this fascinating drama, "Where Are My Children?" without offending the finest sensibility, without attacking the modesty or good breeding, succeeded in drawing aside the veil of illusions of silly prudery of false shame which hinder, without helping so many romances and marriages in real life; from becoming what every love affair should become, viz: A motive, a reason and beginning of another happy home. This story is told in a manner that cannot offend yet it teaches a lesson that makes an everlasting impression. The price of admission will be 25 cents; no seats reserved and each show will start promptly on the hour named. A special musical score accompanies each picture and Miss Catherine Golden of Cincinnati, will sing "Somewhere a Voice Is Calling," "Silver Threads Among the Gold" and "Nearer My God To Thee."

Bond Case Goes To Supreme Court

Tronton, Oct. 20.—Attorney A. R. Johnson returned last night from Columbus, where he appeared before the supreme court of the state and asked for the issuance of a writ of mandamus compelling City Auditor Percy W. Dean to sign and deliver \$375,000 worth of water works bonds to the Spitzer, Borick and company, of Toledo, O., the said bonds having been issued to build a water filtration plant in this city, to replace the present one, which has been condemned by the state. Attorney Johnson is representing the Meredith Construction company of Marietta, which was granted a contract to construct a portion of the plant amounting to \$37,617. The Spitzer, Borick and company was awarded the bonds on their bid of \$375,000 and \$10,000 premium.

To Dedicate Church

The newly completed United Brethren church at Bloom Switch will be dedicated Sunday, October 22. Rev. R. A. Hitt, of Chillicothe, the conference superintendent, will deliver the dedicatory sermon during the morning. He will also preach during the afternoon, while the pastor, Rev. F. E. Roe, will deliver the evening sermon. Dinner will be served in the grove. A cordial invitation is extended to all persons to live the dedicatory sermon during the morning.

To Hustle Paving

Kelley Bros. expect to begin work on the three street paving jobs just awarded to them, namely, Kendall avenue, Spring and Grant streets, as soon as weather conditions permit. They are equipped and in good shape to go right ahead with the improvements and push them to an early completion.

Gun Play Results In The Arrest Of Two; One May Be Fugitive

A gun-play, which was staged in the rear of Joe Distel's saloon on upper Gallia street, later resulted in the arrest, following a desperate encounter with police, of Rolly Harrison and Leroy Taylor Thursday evening. Harrison is a relative of the Webb family in Earlorton, but has been absent for a couple of years. Taylor, the police believe, is the man regarding whom they had just received a message from the sheriff of Adams county, he stating that he was wanted at West Union for breaking jail about a year ago and had heard that he was now in Portsmouth in the company of a man named Harris. About 5 o'clock bartender Gus Simon reported to the police that Harrison had stepped out the back door of the saloon and fired several pistol shots. Just before that said Harrison had pulled out the gun in the saloon and laid it upon the lunch counter while he was eating a bowl of soup, but Taylor persuaded him to pocket the pistol again. Capt. Roma Walker headed the police squad that rushed to the East End after the pair. They came across them walking leisurely along Funk's Gut. They showed fight as soon as the officers ordered them to halt, Harrison striking at Capt. Walker. It was now dark and a fierce mixup between the officers and the two men ensued. The two were finally overpowered. An empty pistol, believed to be the one which Harrison had discharged at the saloon, was found in Taylor's pocket. Harrison evidently having turned it over to him, though police believe that two may have had another gun and left it somewhere. Both were under the influence of liquor. Taylor declared that he was the man wanted by the Adams county authorities. They were locked up at the city prison.

Two Series Of Sermons To Start At Bigelow

Mr. Weymouth gives us a fine translation of a well-known verse of scripture: "Put on the whole armour of God so that you may be able to stand your ground on the day of battle, and, having fought to the end, to remain victors on the field." The pastor of Bigelow, the Rev. C. E. Chandler, will take the words "Victors on the Field" as a general theme for a series of six sermons to be delivered on six successive Sunday mornings. The subjects are: "The Bell," "The Coat," "Ready," "The Screen," "Losing Your Head," "A Good Jerusalem Blade." A second series of indeterminate length will begin on Sunday evening, with the general theme: "The Teaching of Jesus in His Parables." A study in soils, is the first subject.

Patrolman's Wife's Jealousy Given As Street Fight Cause

Patrolman Armour Piatt and Edward F. Haquard, a well-known contracting plumber, were principals in a near tragedy Thursday night about 10 o'clock which has stirred the entire West End. The two men were locked in a deadly clinch when a pistol shot rang out. Soon faces peered from upper story windows of hotel and flat buildings nearby. The sight of the two men now struggling on the ground, the screams of women, and excited persons rushing back and forth soon set the whole neighborhood in an uproar. Howard Monk, who lives in the Rottinghaus flat building, George W. Hopkins and Joe King, of the Hotel Portsmouth, were the first to reach the scene. They found the policeman upon the other man who is much smaller. Monk took the gun away from Piatt while Hopkins pulled the two men apart. Haquard went to his home nearby with his wife, who had rushed to his assistance when the shot was fired, while Piatt stepped into the Hotel Portsmouth to wash his face. Both men were bleeding from cuts and bruises about their heads and faces. Mayor H. H. Kaps, Police Chief Henry Clark and Capt. Roma Walker arrived a few minutes later. They questioned Piatt, who, according to persons who overheard him, told the mayor that his wife and others for sometime past had been accusing him of things and he might as well be guilty as to be accused and that the trouble was the result of it. Piatt later went home and did not report for duty at his accustomed time at 4 o'clock Friday morning. It was stated at headquarters he had suffered a sprained knee in the mix-up. Mayor Kaps said Friday morning that a full investigation of the affair would be made by him and department officials, pending which no action would be taken. It appears that an unfortunate circumstance, according to Mr. Haquard, precipitated the trouble. Piatt's wife, repeatedly in the past few days had been shadowing her husband in the alley directly at the rear of the Haquard home, occasionally stepping into the Haquard home. She suspected her husband of clandestinely visiting a woman who makes her home near there. Mrs. Piatt, who is the mother of eight children, and her mother, Mrs. Cook, were seen to enter the hotel alley again early Thursday evening. Her husband had telephoned to her that he would not be home for supper, as he was engaged in rounding up suspects in the West End hardware store robberies. Later a daughter, Miss Esta Piatt, called up the Haquard home, inquiring for her mother. She said her father had called to learn the whereabouts of Mrs. Piatt, the daughter telling him she was visiting a sick neighbor. Mrs. Piatt and mother continued hiding in the alley and claimed that soon Piatt entered the home of the woman they suspected through a rear gate. They heard a whispered conversation and then entered the yard, but said he ran up a stairway to the second floor. Mrs. Piatt called the police and had a thorough search made of the various apartments in the three-story house, but Piatt was nowhere to be found. About 10 o'clock Mr. Haquard, said as is his custom, he decided to walk around the block for a smoke before retiring. He says he always comes in through the alley-way. Just as he was stepping into his yard a brick just grazed his head, striking the gate. He saw a crouching form coming from out of a nearby house and towards him. His first thought was that it was Piatt, but he paid no attention until a brick just grazed his head and struck the gate. He took after the man, who proved to be Piatt, and they were soon exchanging blows at a lively rate. He said Piatt beat him with the butt end of his revolver, though at first he thought it was knuckles, and when he held the gun up towards his breast, he knocked it aside, causing it to discharge. He said he then stumbled backwards and fell, Piatt landing on top of him. Haquard denies that he was trying to "fox" Piatt. He is a quiet, peaceful, law-abiding citizen and never known to have trouble. Piatt, too, is of a quiet nature and considered by officials as a diligent, energetic officer, but figured in a sensational affair once before, having been named as co-respondent in the divorce case of William H. Harlow against Elizabeth Harlow, while he was stationed in the East End. This caused him to lose his job at that time. Harlow was granted a divorce November 10, 1915.

BIG TIME WILL BE HAD BY GERMANS SUNDAY

Final arrangements have been completed for the "German Day" exercises, which will be held Sunday afternoon at 1:30 o'clock in Tracy Park under the auspices of the German-American Alliance, of this city. Mr. Louis Schwabb, former mayor of Cincinnati, and one of the Queen City's most distinguished citizens, and Mr. F. C. Arbenz, of Chillicothe, a former state senator, will be the speakers of the day. Col. John P. Wahrheit, one of the best known German residents of this city, will act as chairman of the meeting. The address of welcome will be delivered by Mayor H. H. Kaps of this city. Providing the weather is not unfavorable for an outdoor meeting the exercises will be held in the Harugari hall, Gallia and Gay streets. Immediately following the meeting in Tracy Park the guests will adjourn to the Harugari hall, where refreshments will be served. The River City band has been engaged to entertain matters and the local German-American Alliance is planning for one of the most enthusiastic meetings of the kind ever held in the city. Songs of the dear old "Vaterland" will no doubt reverberate through their hall and deeds of Schiller, Goethe, Von Moltke, Bismarck, Frederick the Great, Uhland, Wieland, Herder, Kant, Mozart, Beethoven, Liszt, Mendelssohn, and Preisehke, idols of the Germans, will be enthusiastically recalled. Mr. Schwabb will arrive here Sunday morning on the 11:20 N. & W. train and he will be met by a committee from the German-American Alliance here and will be escorted to the Washington hotel. J. S. Williams, of Sixth and Washington streets, who on Saturday, July 30, was badly injured in an automobile wreck at Sciotoville in which one man lost his life, continues to improve slightly each day and it is now believed that he will eventually regain the use of both of his legs. He was injured about the spine when tossed out of the car and for five or six weeks was barely able to move a muscle of his body. Meet Me At Nye's Fountain. 12tf

Thomas York Dies From Blood Poison; Well Known Citizen

Thomas York, one of New Boston's best known citizens and business men passed away Thursday afternoon at 4 o'clock, his death taking place at the family residence, 4225 Gallia avenue. His death was attributed to blood poisoning and complications. Two months ago Mr. York received a bruise on the heel of his right foot from a nail in his shoe. This at first yielded to treatment and Mr. York believed his trouble had been cleared up, but a week later his foot began to swell and he soon found himself battling against a case of blood poisoning. Despite skillful treatment and all that loving hands could do Mr. York gradually grew worse until Wednesday, in a desperate effort to save his life, he submitted to an operation for the removal of his right leg at the knee. He withstood the ordeal splendidly, being a man of powerful physique, but the operation failed to arrest the progress of the disease. Mr. York became dangerously ill at noon yesterday and relatives were prepared for the worst. He passed away with his family at his bedside. Thomas York would have been 46 years old had he lived until December 16, 1916. He was born in Akron, O. and was a son of the late Thomas and Mary York. At an early age he came to Portsmouth and took employment in the old plant of the Burgess Steel and Iron Works in the West End. It was there that he took up roll turning and became one of the best roll turners in this part of the country. When a steel plant was established in the village after a disastrous fire had wiped out L. D. York's plant in the West End Thomas York again took up his work as a roll turner and followed it until 13 years ago when he resigned to engage in business in New Boston, forming a partnership with Henry Hans. The firm is still in existence and is one of the best known in New Boston. Mr. York, in addition to his faithful wife, Mrs. Hattie York is survived by three children, Mary 12, Orville 10 and Robert 7. He is also survived by four brothers and three sisters. Harry York of this city, James E. of Pittsburgh and Robert and Ralph of New Boston and Mrs. I. William Seal, Mrs. John Call and Mrs. P. H. Harsha. Fraternally, Mr. York was a member of the Eagles of this city, the Red Men and Sons of Veterans. He was wholesomely, companionable and obliging at all times and numbered his friends by the score. Mr. York's sunny disposition and his willingness to assist those in need endeared him to many and he will be missed. WANTED: — A good refined cashier. Apply at Carter's store. Call for Kid. 20-nx&3t

Lands Organist Job

Prof. J. V. Schiffer, of Eighth street, may not return to Portsmouth from his prospective trip to Shelby, O., where a week ago he took a position as organist in a motion picture theatre. Writing home he says he is well pleased with his new surroundings there. Although a member of the committee he did not state whether he would be here for the German Day celebration next Sunday or not.

Club To Attend Rally

Members of the Hughes Club of night. Secretary Earl Clare stated Friday that he expected to be urged to attend the Willis rally to be held in Distel hall tonight's rally.

K. Boys To Get Pay

Capt. W. J. Keyes, of Company K, received word Friday that the federal paymaster would be here tonight to attend a special meeting of Company K at 8 o'clock. It will be held in the Republican headquarters on Gallia street. The K. boys have to give up Distel hall to the Willis meeting. All members are urged to be present.

Police To Get Busy

Police Chief Henry Clark, Capt. Roma Walker and various patrolmen held a "council of war" at headquarters Thursday afternoon, outlining a course of action towards clearing up Wednesday night's robberies and avoiding a repetition. The police are satisfied that all three jobs were committed by the same talent. The latest telephone wire in Portsmouth are those leading to the TIMES WANT AD department.
